25 September 2019	Performance Monitoring - CCGs	The Committee considered the CCG commissioning intentions in 2017 and in September 2018, received a comprehensive report to monitor performance against those commissioning intentions. It was agreed to receive these reports at six-monthly intervals.
20 November 2019	Local Suicide Prevention Plan	At the Chair and Party Spokes meeting in October 2018, this was added to the work programme for an update in November 2019. A document from the LGA on self-assessment of local suicide prevention plans had been circulated. The County Council has an approved suicide prevention plan; it has a higher number of suicides than for comparative councils and has received extra funding from NHS England for two years to start implementation of the suicide prevention strategy.
Future Work Programme Suggestions	Out of Hospital Programme.	Suggested by Councillor Parsons at the Chair/Spokes meeting on 21 June.
	Mental Health and Wellbeing	This item was added to the work programme in June 2018, with the item scheduled for the November Committee. Further discussion at the Chair and Party spokesperson meeting on 29 October, when the item was deferred. A revised date and scope for this review area needs to be agreed.
	Better Health, Better Care, Better Value (BHBCBV) – Proactive and Preventative Workstream	Suggested by Councillor Margaret Bell. The Proactive and Preventative work stream of the STP. The suggestion is to find out more: What is happening; what is the plan; how is it to be funded; when will we see results?
	BHBCBV – George Eliot Hospital Campus Model	Suggested by Councillor Clare Golby. To understand how the proposals for the George Eliot Hospital (GEH) Campus Model will fit into other health services for the north of Warwickshire and the implications for residents. Councillor Parsons supported this area, raising concerns about the potential downgrading of services delivered at GEH.
	Review of the Adult Transport Policy	Cabinet approved a revised Adult Transport Policy on 25 January 2018. This has been suggested as an area for the Committee to review after 12 months of implementation.
	The 111 Service	Suggested by Councillor Margaret Bell. Areas to examine are: How do they refer people to health services; how do they link in with the relevant CCG; how do they know where services are commissioned; also what do they do about patients with no transport who are referred to an Out of Hours Service at, say, the early hours of the morning.
	Local Commissioning of Services	Suggested by Councillor Mark Cargill. A pilot scheme has been undertaken in Alcester.
	Director of Public Health Suggestions	From the Director of Public Health's annual report. The theme this year is 'Vulnerability'. The Joint Strategic Needs Assessment and linked to this the commissioning of health, wellbeing and social care services. The JSNA aims to establish shared evidence on the key local priorities across health and social care. Other areas are: Health & Wellbeing Strategy, Sustainability & Transformation Plan (STP), Out of Hospital Programme, Community Hubs and the County Council Transformation Plans, suicide prevention and Mental health and substance misuse.

	Coventry and Warwickshire Partnership Trust	Suggested by Healthwatch. There has been a re-inspection of the CWPT by the Care Quality Commission. Originally planned for the Trust to present its progress against the action plan to the January 2018 meeting, which was considered to be too soon for the Trust to have implemented actions from the CQC review. Suggestion to have a written update and then programme for a formal report to provide assurance that the 'must do' and 'should do' recommendations are being implemented.
