### Audit Plan for Warwickshire County Council for the year ending 31 March 2016

This Audit Plan sets out for the benefit of those charged with governance (in the case of Warwickshire County Council, the Audit Committee), an overview of the planned scope and timing of the audit, as required by International Standard on Auditing (UK & Ireland) 260. This document is to help you understand the consequences of our work, discuss issues of risk and the concept of materiality with us, and identify any areas where you may request us to undertake additional procedures. It also helps us gain a better understanding of the Council and your environment. The contents of the Plan have been discussed with management.

We are required to perform our audit in line with the Local Audit and Accountability Act 2014 and in accordance with the Code of Practice issued by the National Audit Office (NAO) on behalf of the Comptroller and Auditor General in April 2015.

Our responsibilities under the Code are to:

- give an opinion on the Council's financial statements
- satisfy ourselves the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

As auditors we are responsible for performing the audit, in accordance with International Standards on Auditing (UK & Ireland), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements.

Yours sincerely

Grant Patterson

Engagement Lead

#### Chartered Accountants

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No. OC307742. Registered office: Grant Thornton House, Melton Street, Euston Square, London NW1 2EP.
A list of members is available from our registered office, Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority.

Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions. Please see grant-Hornton. ou. W for further details.

# Understanding your business

In planning our audit we need to understand the challenges and opportunities the Council is facing. We set out a summary of our understanding below.

### **Challenges/opportunities**

### 1. Autumn Statement 2015 and financial health

- The Chancellor proposed that local government would have greater control over its finances, although this was accompanied by a 24% real terms reduction in central government funding to local government over 5 years.
- Despite the increased ownership, the financial health of the sector is likely to become increasingly challenging.

#### 2. Devolution

 The Autumn Statement 2015 also included proposals to devolve further powers to localities.

#### 3. Financial Pressures

- Managing service provision with less resource
- Progress against savings plans

#### 4. Integration with health sector

 Developments such as the increased scope of the Better Care Fund and transfer of responsibility for public health to local government are intended to increase integration between health and social care.

#### 5. Earlier closedown of accounts

 The Accounts and Audit Regulations 2015 require councils to bring forward the approval and audit of financial statements to 31 May and 31 July respectively by the 2017/18 financial year.

### Our response

- The Council has a "One Organisational Plan 2014-18" in place but has identified the need to revisit this in the light of recent funding announcements.
- We will consider the Council's plans for addressing its financial position as part of our work to reach our VFM conclusion.
- In September 2015
   Warwickshire County Council to
   a decision not to formally join
   the West Midlands Combined
   Authority but the Council
   continues to explore other
   options for devolution in
   Warwickshire
- We will consider your plans for working with partners and other third parties as part of our work in reaching our VFM conclusion...
- We will review the Council's performance against the 2015/16 budget, including consideration of performance against the savings plan
- We will undertake a review of Financial Resilience as part of our VfM conclusion which will consider viability of future financial plans.
- We will consider how the Council has reflected changes to its responsibilities in relation to public health and how it is working with partners, as part of our work in reaching our VfM conclusion.
- We will review the Council's treatment of entries relating to the Better Care Fund in its financial statements.
- We will work with you to identify areas of your accounts production where you can learn from good practice in other authorities.
- We aim to complete all substantive work in our audit of your financial statements by 31 July 2016 as a 'dry run'

# Developments and other requirements relevant to your audit

In planning our audit we also consider the impact of key developments in the sector and take account of national audit requirements as set out in the Code of Audit Practice and associated guidance.

### **Developments and other requirements**

#### 1. Fair value accounting

- A new accounting standard on fair value (IFRS 13) has been adopted and applies for the first time in 2015/16.
- This will have a particular impact on the valuation of surplus assets within property, plant and equipment which are now required to be valued at fair value in line with IFRS 13 rather than the existing use value of the asset.
- Investment property assets are required to be carried at fair value as in previous years.
- There are a number of additional disclosure requirements of IFRS 13.

### 2. Corporate governance

- The Accounts and Audit Regulations 2015 require local authorities to produce a Narrative Statement, which reports on your financial performance and use of resources in the year, and replaces the explanatory foreword.
- You are required to produce an Annual Governance Statement (AGS) as part of your financial statements.

#### 3. Highways Network Assets

 Although you are not required to include Highways Network Assets until 2016/17, this will be a significant change to your financial statements and you will need to carry out valuation work this year.

#### 4. Joint arrangements

 Councils are involved in a number of pooled budgets, such as the Better Care Fund, and alternative delivery models which they need to account for in their financial statements.

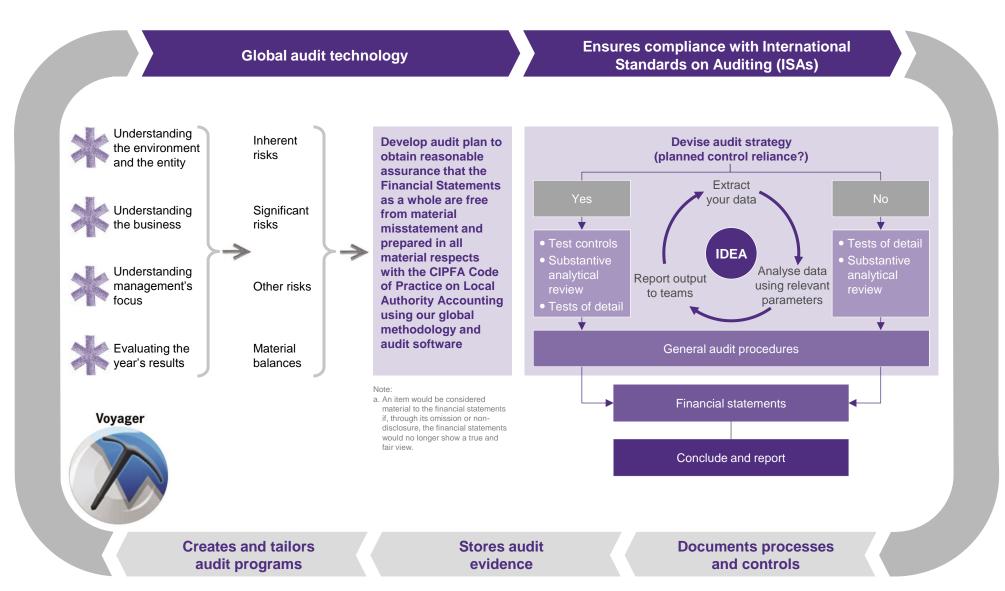

### Our response

- We will keep the Council informed of changes to the financial reporting requirements for 2015/16 through ongoing discussions and invitations to our technical update workshops.
- We will discuss this with you at an early stage, including reviewing the basis of valuation of your surplus assets and investment property assets to ensure they are valued on the correct basis.
- We will review your draft financial statements to ensure you have complied with the disclosure requirements of IFRS 13.
- We will review your Narrative Statement to ensure it reflects the requirements of the CIPFA Code of Practice when this is updated, and make recommendations for improvement.
- We will review your arrangements for producing the AGS and consider whether it is consistent with our knowledge of the Council and the requirements of CIPFA guidance.
- We will discuss your plans for valuation of these assets (including componentisation) at an early stage to gain an understanding of your approach and suggest areas for improvement.
- We will review your proposals for accounting for these arrangements against the requirements of the CIPFA Code of Practice.

# Our audit approach

# Materiality

In performing our audit, we apply the concept of materiality, following the requirements of International Standard on Auditing (UK & Ireland) (ISA) 320: Materiality in planning and performing an audit.

The standard states that 'misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements'.

As is usual in public sector entities, we have determined materiality for the statements as a whole as a proportion of the gross revenue expenditure of the Council. For purposes of planning the audit we have determined overall materiality to be £13,471k (being 1.8% of gross revenue expenditure). We will consider whether this level is appropriate during the course of the audit and will advise you if we revise this.

Under ISA 450, auditors also set an amount below which misstatements would be clearly trivial and would not need to be accumulated or reported to those charged with governance because we would not expect that the accumulation of such amounts would have a material effect on the financial statements. "Trivial" matters are clearly inconsequential, whether taken individually or in aggregate and whether judged by any criteria of size, nature or circumstances. We have defined the amount below which misstatements would be clearly trivial to be £674k.

ISA 320 also requires auditors to determine separate, lower, materiality levels where there are 'particular classes of transactions, account balances or disclosures for which misstatements of lesser amounts than materiality for the financial statements as a whole could reasonably be expected to influence the economic decisions of users'.

We have identified the following items where separate materiality levels are appropriate.

Balance/transaction/disclosure	Explanation	Materiality level
Cash and cash equivalents	Although the balance of cash and cash equivalents is immaterial, all transactions made by the Council affect the balance and it is therefore considered to be material by nature.	N/A
Disclosures of officers' remuneration, salary bandings and exit packages in notes to the statements	Due to public interest in these disclosures and the statutory requirement for them to be made.	£10,000
Disclosure of auditors' remuneration in notes to the statements	Due to public interest in these disclosures and the statutory requirement for them to be made.	£10,000

# Significant risks identified

"Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, either due to size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates for which there is significant measurement uncertainty" (ISA 315). In this section we outline the significant risks of material misstatement which we have identified. There are two presumed significant risks which are applicable to all audits under auditing standards (International Standards on Auditing - ISAs) which are listed below:

Significant risk	Description	Substantive audit procedures
The revenue cycle includes fraudulent transactions	Under ISA 240 there is a presumed risk that revenue may be misstated due to the improper recognition of revenue.  This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.  For this Council, we have concluded that the greatest risk of material misstatement relates to the occurrence/ existence of fees and charges and receivables. We have rebutted it for the elements of income related to the precepts and revenue grants.	<ul> <li>Work completed to date:</li> <li>We will walk through the system in determining the revenue recognition for fees and charges revenue.</li> <li>We will review the policy for recognising revenue and that the policy has been applied to transactions accordingly.</li> </ul>
Management over-ride of controls	Under ISA 240 it is presumed that the risk of management over-ride of controls is present in all entities.	<ul> <li>Work completed to date:</li> <li>Review of accounting estimates, judgments and decisions made by management</li> <li>Testing of journal entries</li> <li>Review of unusual significant transactions</li> </ul>
PPE valuation measurements not correct.	The Council is required to demonstrate that the carrying value of PPE assets are not materially different from their book value as at the year end date.	<ul> <li>Work planned:</li> <li>Confirm the expertise and independence of the Council's internal valuer.</li> <li>Review the assurances given by the Council's internal valuer.</li> <li>Enquiries over the judgements, estimates and underlying data used to determine the final valuation of PPE.</li> </ul>
Valuation of the pension liability is materially misstated.	There is a risk that the underlying data provided to the actuarial expert is incorrect resulting in a material misstatement in the pension fund valuation.	<ul> <li>Work planned:</li> <li>We will assess arrangements in place for the County Council to obtain assurance that correct information has been provided to the Actuary by the Pension Fund.</li> <li>Review the work of the Council's expert actuary and their judgements, estimates and assumptions used to determine the value of the pension scheme.</li> </ul>

### Other risks identified

"The auditor should evaluate the design and determine the implementation of the entity's controls, including relevant control activities, over those risks for which, in the auditor's judgment, it is not possible or practicable to reduce the risks of material misstatement at the assertion level to an acceptably low level with audit evidence obtained only from substantive procedures" (ISA (UK & Ireland) 315).

In this section we outline the other risks of material misstatement which we have identified as a result of our planning.

Other risks	Description	Audit approach
Operating expenses	Creditors understated or not recorded in the correct period (Operating expenses understated)	<ul> <li>We will carry out testing including:</li> <li>the completeness of the subsidiary system interfaces and control account reconciliations</li> <li>cut off testing of purchase orders and goods received notes(both before and after year end)</li> <li>a review of the accruals process</li> <li>a sample of creditor balances at 31/3/16</li> </ul>
Employee remuneration	Employee remuneration accruals understated (Remuneration expenses not correct)	<ul> <li>We will carry out testing including:</li> <li>payroll reconciliation to ensure that information from the payroll system can be agreed to the ledger and financial statements.</li> <li>a sample of payments made in April and May to ensure payroll expenditure is recorded in the correct year.</li> <li>reviewing monthly trend analysis of total payroll.</li> </ul>

### Other risks identified (continued)

#### Other material balances and transactions

Under International Standards on Auditing, "irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure". All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in the previous section (noting that we have set lower materiality levels on page 8 in respect of officers' remuneration) but will include:

- Investments (long term and short term)
- Cash and cash equivalents
- Borrowing and other liabilities (long term and short term)
- Provisions
- Usable and unusable reserves
- Movement in Reserves Statement and associated notes
- Statement of cash flows and associated notes
- Financing and investment income and expenditure
- · Taxation and non-specific grants

- Schools balances and transactions
- Segmental reporting note
- Officers' remuneration note
- Leases note
- Related party transactions note
- Capital expenditure and capital financing note
- Financial instruments note

### Other audit responsibilities

- We will undertake work to satisfy ourselves that disclosures made in the Annual Governance Statement are in line with CIPFA/SOLACE guidance and consistent with our knowledge of the Council.
- We will read the Narrative Statement and check that it is consistent with the statements on which we give an opinion and disclosures are in line with the requirements of the CIPFA Code of Practice.
- We will carry out work on consolidation schedules for the Whole of Government Accounts process in accordance with NAO instructions to auditors.
- We will give electors the opportunity to raise questions about the accounts and consider and decide upon objections received in relation to the accounts

### Value for Money

### **Background**

The Code requires us to consider whether the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. This is known as the Value for Money (VfM) conclusion.

The NAO issued its guidance for auditors on value for money work in November 2015. The guidance states that for local government bodies, auditors are required to give a conclusion on whether the Council has put proper arrangements in place.

The NAO guidance identifies one single criterion for auditors to evaluate:

In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.

This is supported by three sub-criteria as set out below:

Sub-criteria	Detail
Informed decision making	<ul> <li>Acting in the public interest, through demonstrating and applying the principles and values of good governance</li> <li>Understanding and using appropriate cost and performance information to support informed decision making and performance management</li> <li>Reliable and timely financial reporting that supports the delivery of strategic priorities</li> <li>Managing risks effectively and maintaining a sound system of internal control</li> </ul>
Sustainable resource deployment	<ul> <li>Planning finances effectively to support the sustainable delivery of strategic priorities and maintain statutory functions</li> <li>Managing assets effectively to support the delivery of strategic priorities</li> <li>Planning, organising and developing the workforce effectively to deliver strategic priorities.</li> </ul>
Working with partners and other third parties	<ul> <li>Working with third parties effectively to deliver strategic priorities</li> <li>Commissioning services effectively to support the delivery of strategic priorities</li> <li>Procuring supplies and services effectively to support the delivery of strategic priorities.</li> </ul>

### Value for Money (continued)

#### **Risk assessment**

We shall carry out an initial risk assessment based on the NAO's guidance. In our initial risk assessment, we will consider:

- our cumulative knowledge of the Council, including work performed in previous years in respect of the VfM conclusion and the opinion on the financial statements.
- the findings of other inspectorates and review agencies.
- any illustrative significant risks identified and communicated by the NAO in its Supporting Information.
- any other evidence which we consider necessary to conclude on your arrangements.

Following the completion of this risk assessment, we will issue a separate planning document setting out our planned work for 2015/16 to meet our duties in respect of the VfM conclusion. This will include any significant risks identified, along with details of the work we plan to carry out to address these risks.

### Reporting

The results of our VfM audit work and the key messages arising will be reported in our Audit Findings Report and in the Annual Audit Letter.

We will include our conclusion as part of our report on your financial statements which we will give by 30 September 2016.

### Results of interim audit work

The findings of our interim audit work, and the impact of our findings on the accounts audit approach, are summarised in the table below:

	Work performed	Conclusion
Internal audit	We have completed a high level review of internal audit's overall arrangements. Our work has not identified any issues which we wish to bring to your attention.  We have also reviewed internal audit's work on the Council's key financial systems to date. We have not identified any significant weaknesses impacting on our responsibilities.	Overall, we have concluded that the internal audit service provides an independent service to the Council and that internal audit work contributes to an effective internal control environment.  The Council has not yet had a formal independent assessment undertaken of Internal Audit's compliance with the new Public Sector Internal Audit Standards.
Entity level controls	We have obtained an understanding of the overall control environment relevant to the preparation of the financial statements including:  Communication and enforcement of integrity and ethical values  Commitment to competence  Participation by those charged with governance  Management's philosophy and operating style  Organisational structure  Assignment of authority and responsibility  Human resource policies and practices	Our work has identified no material weaknesses which are likely to adversely impact on the Council's financial statements
Review of information technology controls	We performed a high level review of the general IT control environment, as part of the overall review of the internal controls system.  IT controls were observed to have been implemented in accordance with our documented understanding.	Our work has identified no material weaknesses which are likely to adversely impact on the Council's financial statements
Walkthrough testing	We have completed walkthrough tests of the Council's controls operating in areas where we consider that there is a risk of material misstatement to the financial statements.  Our work has not identified any issues which we wish to bring to your attention. Internal controls have been implemented by the Council in accordance with our documented understanding.	Our work has not identified any weaknesses which impact on our audit approach.

# Results of interim audit work (continued)

	Work performed	Conclusion
Journal entry controls	We have reviewed the Council's journal entry policies and procedures as part of determining our journal entry testing strategy and have not identified any material weaknesses which are likely to adversely impact on the Council's control environment or financial statements.	Our work has not identified any weaknesses which impact on our audit approach.
Early substantive testing	We have performed early substantive testing on the following transactional balances: grant revenues, fees and charges, operating expenditure and payroll costs, in order to work towards an early close.	Our work has not identified any issues.

# Key dates

Date	Activity
January 2016	Planning
January - March 2016	Interim site visit
10 March 2016	Presentation of audit plan to Audit & Standards Committee
June – July 2016	Year end fieldwork
18 July 2016	Audit findings clearance meeting with Head of Finance
September 2016	Report audit findings to Audit & Standards Committee
By 30 September 2016	Sign financial statements opinion

# Fees and independence

#### **Fees**

	£
Council audit	94,539
Total audit fees (excluding VAT)	94,539

### **Our fee assumptions include:**

- Supporting schedules to all figures in the accounts are supplied by the agreed dates and in accordance with the agreed upon information request list.
- The scope of the audit, and the Council and its activities, have not changed significantly.
- The Council will make available management and accounting staff to help us locate information and to provide explanations.
- The accounts presented for audit are materially accurate, supporting working papers and evidence agree to the accounts, and all audit queries are resolved promptly.

### **Grant certification**

- Our fees for grant certification cover only housing benefit subsidy certification, which falls under the remit of Public Sector Audit Appointments Limited
- Fees in respect of other grant work, such as reasonable assurance reports, are shown under 'Fees for other services'.

#### Fees for other services

Service	Fees £
Certification of Teachers' Pension return	4,200

#### **Fees for other services**

Fees for other services reflect those agreed at the time of issuing our Audit Plan. Any changes will be reported in our Audit Findings Report and Annual Audit Letter

### **Independence and ethics**

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Auditing Practices Board's Ethical Standards and therefore we confirm that we are independent and are able to express an objective opinion on the financial statements.

Full details of all fees charged for audit and non-audit services will be included in our Audit Findings Report at the conclusion of the audit.

We confirm that we have implemented policies and procedures to meet the requirements of the Auditing Practices Board's Ethical Standards.

### Communication of audit matters with those charged with governance

International Standards on Auditing (UK & Ireland) (ISA) 260, as well as other ISAs, prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table opposite.

This document, The Audit Plan, outlines our audit strategy and plan to deliver the audit, while The Audit Findings Report will be issued prior to approval of the financial statements and will present key issues and other matters arising from the audit, together with an explanation as to how these have been resolved.

We will communicate any adverse or unexpected findings affecting the audit on a timely basis, either informally or via a report to the Council.

### **Respective responsibilities**

This plan has been prepared in the context of the Statement of Responsibilities of Auditors and Audited Bodies issued by Public Sector Audit Appointments Limited (http://www.psaa.co.uk/appointing-auditors/terms-of-appointment/)

We have been appointed as the Council's independent external auditors by the Audit Commission, the body responsible for appointing external auditors to local public bodies in England at the time of our appointment. As external auditors, we have a broad remit covering finance and governance matters.

Our annual work programme is set in accordance with the Code of Audit Practice ('the Code') issued by the NAO and includes nationally prescribed and locally determined work (<a href="https://www.nao.org.uk/code-audit-practice/about-code/">https://www.nao.org.uk/code-audit-practice/about-code/</a>). Our work considers the Council's key risks when reaching our conclusions under the Code.

It is the responsibility of the Council to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Council is fulfilling these responsibilities.

Our communication plan	Audit Plan	Audit Findings
Respective responsibilities of auditor and management/those charged with governance	✓	
Overview of the planned scope and timing of the audit. Form, timing and expected general content of communications	✓	
Views about the qualitative aspects of the entity's accounting and financial reporting practices, significant matters and issues arising during the audit and written representations that have been sought		✓
Confirmation of independence and objectivity	✓	✓
A statement that we have complied with relevant ethical requirements regarding independence, relationships and other matters which might be thought to bear on independence.  Details of non-audit work performed by Grant Thornton UK LLP and	<b>✓</b>	<b>√</b>
network firms, together with fees charged.		
Details of safeguards applied to threats to independence		
Material weaknesses in internal control identified during the audit		✓
Identification or suspicion of fraud involving management and/or others which results in material misstatement of the financial statements		✓
Non compliance with laws and regulations		✓
Expected modifications to the auditor's report, or emphasis of matter		✓
Uncorrected misstatements		✓
Significant matters arising in connection with related parties		✓
Significant matters in relation to going concern		✓

# Communication of audit matters with those charged with governance (cont)

In addition to the areas covered on the previous page, we are required to consider the following in our discussions with those charged with governance (the Audit and Standards Committee)

Area of consideration	Current understanding based on planning and interim work to date
Awareness of fraud or suspected fraud	There are no material instances of fraud that have been identified during the year. Any significant suspected or alleged fraud are investigated by Internal Audit and reported to the Audit and Standards Committee on a regular basis.
Views about the risks of fraud	Although there is an on-going risk of fraud being committed against the Council arrangements are in place to both prevent and detect fraud. These include the regular review of arrangements and work carried out by Internal Audit as part of their annual plan. The risk of material misstatement of the accounts due to undetected fraud is low and this is consistent with the risk management processes that are in place within the Council.
Awareness of whistleblower tips or complaints	Internal Audit are involved in the investigation of whistleblower referrals or complaints with a potential financial impact. There are no material instances of fraud that have been identified during the year arising from whistleblower tips or complaints.
How the Audit & Standards Committee provide oversight of management's fraud risk assessment process	The Annual Governance Statement and Head of Internal Audit Opinion are formally presented to the Audit and Standards Committee on an annual basis.  The system of internal control is reviewed annually as part of the annual governance statement. The work plan of Internal Audit includes reviewing the operation of internal controls and appropriate segregation of duties. Internal Audit include fraud risk in their planning process.
