Warwickshire Rural Strategy - Nomination of Members to Working Group

Report of the Strategic Director of Performance and Development

Recommendation

That the Environment Overview and Scrutiny Committee nominates three of its members to join a new Warwickshire Rural Strategy working group

1. In 2007 the County Council, working with our partners, will produce a Rural Strategy for Warwickshire. Work on this initiative will be co-ordinated by officers from the Environment and Economy Directorate and it is expected that the project will be completed by October.
2. Rural issues and the rural agenda have, over time, been addressed by both the Economic Development and Environment Overview and Scrutiny Committees. The Chairs of those committees are keen that as the Rural Strategy evolves, Members should be able to have an input into it particularly where a degree of prioritisation is required.
3. To this end it has been agreed that a joint working group comprising six members drawn from the two committees be established early in the new year.
4. The committee is, therefore, asked to nominate three of its number to join the working group. The three nominees should come from the three political groups.
5. The Economic Development Overview and Scrutiny Committee was asked for its nominees in December 2006. Once all members of the working group have been agreed consideration will be given to its remit and terms of reference.
