The Chair outlined the history of the issue under consideration and proposed a third recommendation as follows –

“The Council requires Corporate Business Plan targets in future to be sent to all Overview and Scrutiny Committees with a full explanation of any changes in the indicators used from one year to the next.”

The Committee considered the report of the Strategic Director of Environment relating to waste management targets and waste management contracts.

Following discussion Martin Stott answered Members questions relating to –

- (1) Recycling and landfill targets.
- (2) Collecting, monitoring and recording of waste collection, and
- (3) Undertook to arrange for the Committee to receive regular statistical reports on the county and districts waste management. He proposed that he discuss further with the Committee's Chair and spokespersons the type of information that they would wish to see included in the reports to ensure that it was meaningful, easily understood and relevant. Gereint Stoneman advised that the Committee could also

add their own targets to the 6 monthly directorate performance reports should they wish to do so.

Following further discussion it was resolved that Council -

- (1) be recommended to amend the target for the amount of municipal waste landfilled in 2007/08 compared with 2006/07 from a reduction of 0.1% (on the agreed 2006/07 landfill target) to a reduction of 0.5% to 1.0% on the 2006/07 landfill out-turn.
- (2) continues to comply with the terms of a particular contract.
- (3) requires Corporate Business Plan targets in future to be sent to the Environment Overview and Scrutiny Committee prior to approval by Cabinet and Council, together with a full explanation of any changes in the indicators used from one year to the next.
