Responses

Dear Alwin

This is as good an outcome as could be expected and the OSC should be rightly proud of their achievement.

Thanks for keeping me informed.

Cheers

Iain

Subject: Acute Services Review Board - Recommendations from Consultation Responses

Dear Iain

I expect you are aware that the Acute Services Review Board have reported back their recommendations to the consultation.

The Health OSC held their meeting yesterday where Madeleine Atkins reported to them that the majority of the recommendations made by Health OSC and

WCC

were accepted. You would be pleased to hear that the ASR Board did commission Liverpool University to conduct a Health Impact Assessment their recommendations supported many of the points raised in the two day hearing.

Health OSC were very pleased with the outcome and wanted me to contact you to say thank you for all the support you gave.

This is the link to the report from the ASR Board with annexes including the HIA report from Liverpool University
