

## Health and Wellbeing Board

18 September 2018

### Feedback from the Joint Place Forum on 16 July 2018

#### Recommendation

That the Health and Wellbeing Board notes the feedback from the Joint Coventry and Warwickshire Place Forum held on 16<sup>th</sup> July 2018.

#### 1.0 Key Issues

- 1.1 Warwickshire's and Coventry's Health and Wellbeing Boards met as the 'Place Forum' on 16<sup>th</sup> July 2018 in Northgate House, Warwick. This was the third joint meeting, with over 40 attendees from a wide range of organisations.
- 1.2 The main aims of the session included the following:
  - To endorse the updated Concordat and place system model;
  - To agree the high level plan for the Year of Wellbeing and common narrative, and commit support from each partner organisation;
  - To update each other on changes affecting the Place Forum; and
  - To agree actions to be done ahead of the next meeting on 7<sup>th</sup> November.
- 1.3 The Place Forum endorsed the refreshed Concordat and system design; agreed the high level plan for the Year of Wellbeing; and noted updates on Integrated Care Systems and the Better Health, Better Care, Better Value programme.

#### 2.0 Options and Proposal

- 2.1 The Place Forum agreed a series of actions as part of the Place Plan (shown in Appendix A). In summary, it was agreed to:
  - Publish and share the updated Concordat and Place System Design;
  - Submit pledges of support for Year of Wellbeing;
  - Agree a plan and resources for Year of Wellbeing at Health and Wellbeing Boards in Coventry and Warwickshire in September/November;
  - Adopt the Year of Wellbeing branding in all related areas;
  - Continue to update each other on changes which impact on the work of the Place Forum, including ICS and the STP; and
  - Develop governance arrangements and a draft outcomes framework for discussion at the next meeting on 7<sup>th</sup> November.

Significant progress has been made, and the Place Plan will be continually reviewed and updated as the work of the Place Forum develops.

### 3.0 Timescales associated with the decision and next steps

3.1 The focus of activity up to the next Place Forum on 7<sup>th</sup> November will be on the following areas:

- Preparations for the Year of Wellbeing;
- Progressing the place-based JSNA rollout;
- Embedding prevention and early intervention in other areas; and
- Developing an outcome framework and performance dashboard.

### Background papers

None.
