

Commissioning Intentions 2019/20

Our system

Our place

Our plans

NHS Coventry and Rugby CCG – NHS South Warwickshire CCG – NHS Warwickshire North CCG

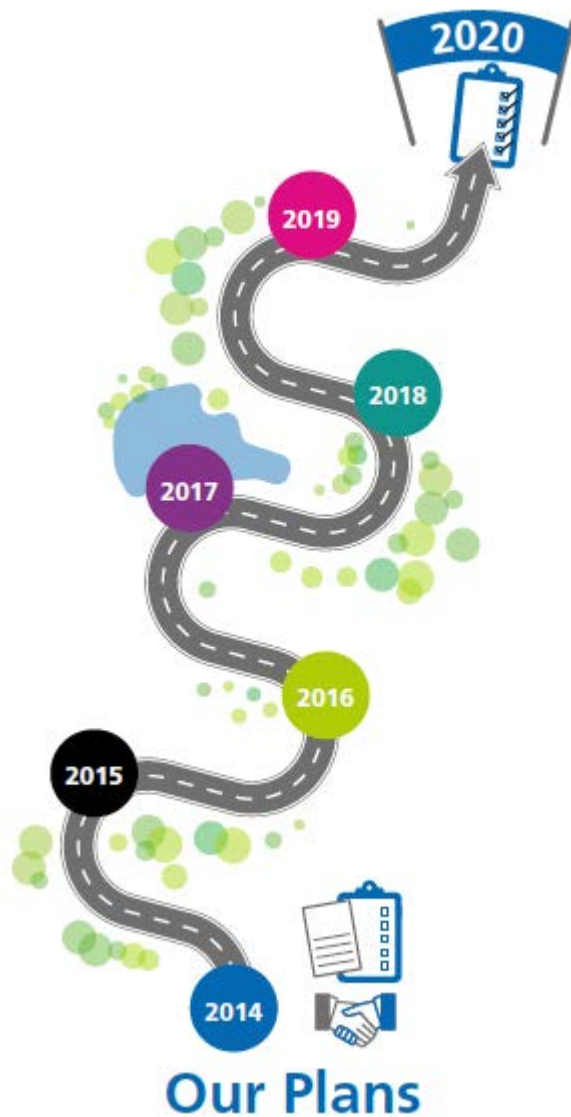

Our system

- ✓ Latest NHS Planning Guidance has reinforced move towards system working through roll out of Integrated Care Systems.
- ✓ Collective consensus that this is the direction of travel for Coventry and Warwickshire.
- ✓ Evidenced through joint working via the *Preparing for the Future Programme* over recent weeks.
- ✓ Concordat and Better Health, Better Care, Better Value Programme provide building blocks for future system strategy.
- ✓ Focused work will continue over coming months to determine how the role of Commissioners and Providers will evolve in the new system.

- ✓ Distinct identities of the 4 diverse places that make up the system will continue to drive the work of both the strategic commissioner and Providers.
- ✓ Place based JSNAs will be a key resource for both in understanding needs and challenges at place level.
- ✓ Engagement with communities will continue to help us to understand the aspirations and priorities of our populations.
- ✓ Services will be delivered locally, managed locally and planned locally through partnerships which span organisations.
- ✓ People and communities will be assets to and partners in the emerging local partnerships.

- ✓ Our existing strategies will continue to be the focal points for the work that we do.
- ✓ They are aligned to national NHS priorities and support delivery of the Better Health, Better Care, Better Value Programme.
- ✓ In 2019/20 we will focus on finishing what we started, while at the same time putting in place the key components of an ICS.
