

Health and Wellbeing Board

10 January 2018

Autumn Workshops

Recommendation(s)

1. To note the outputs of the HWB Board's Autumn workshops and the associated next steps.

1.0 Key Issues

- 1.1 The HWB Board and Executive held a series of workshops over the past few months.
- 1.2 In November the Board and Executive considered both system and place-based working, focusing on mapping transformation across the system and understanding place based working. The session also shaped the role of Children's champions for each member organisation and followed up with discussion at the HWB Executive in December 2017.
- 1.3 In December the Board and Executive met with Coventry HWBB to review the Alliance Concordat. The session looked at the common themes across HWB, Accountable Care Partnership, BHBCBV programme, Place-based JSNA and the Upscaling Prevention pilot.
- 1.4 All partners committed to continuing to work together and strengthen the relationships. LGA feedback following the workshop has been very positive about the level of commitment to partnership working.
- 1.5 This report draws together the outputs and next steps coming out of these sessions and influencing the development of the new HWBB Strategy for April 2018.

2.0 Key messages

2.1 Key outputs from the sessions are set out below:

- **Create a network of Children's Champions across the HWB system** - Children's & Families Transformation Board to meet in January with nominated champions from all HWB partners.
- **Map all activity to the system/place model which is within the 2017/18 HWB Delivery Plan** – Develop a *consolidated map of transformation activity across the system – currently being updated to ensure it accurately reflects contributions from all HWB partners, including the Third Sector.*
- **Refresh the Alliance Concordat for 2018 onwards** – *Use the output from discussion on 13th December to ensure the Concordat remains relevant*
- **2018/19 – The Year of wellbeing** - *Use the LGA Upscaling prevention pilot to develop a common narrative and commitment to prevention to galvanise effort and commitment to the wellbeing agenda.*
- **Develop a set of common Outcomes and headline targets/dashboard-** *Take forward the common set of place-based outcomes which informs the full range of activity and can be held within the HWB Board/strategy for both areas.*
- **Develop a Place plan** - *Build the one strategic plan appropriately place based that is then delivered coherently by the various means (STP, BCF etc) we have at our disposal and involving all partners.*
- **Invest in Leadership** – *The session and discussions held in December with Coventry HWB Board were considered very positive. The two Boards have committed to maintaining momentum by capitalising on the commitment made on 13th December to come together as leaders (Coventry HWBB, Warwickshire HWB Board and Executive, STP, wider public services, voluntary sector etc) every 3-4 months to keep the strategic direction as expressed in the Concordat clear across partners.*

It is anticipated that the first forum will be co-hosted in Spring 2018. Subsequent dates will be based upon the current model of alternate formal and informal HWBB meetings and use agreed dates where possible.

- **Review role of Executive Team** - *Additionally the role and purpose of the HWB Executive in supporting the above work and development of the new HWB Strategy will be reviewed at the next meeting (Feb 2018).*

3.0 Timescales associated with progress reporting

- 3.1 It was agreed that a nominated group, covering representation for HWBB Members, the BHBCBV programme and ACS development in Warwickshire will take this work forward and report back through the two HWB Boards and the Executive team in Warwickshire.
- 3.2 This work will inform the content and shape of the new HWB Strategy.
