To an O & S Committee ☐

To an Area Committee ☐

Further Consultation ☐

Agenda No

North Warwickshire Area Committee - 20 July 2005.

Appointment of Councillors to External Organisations

Report of the County Solicitor and Assistant Chief Executive

Recommendation

That the Committee nominate to the organisations listed.

1.0 Introduction

The County Council makes appointments to a range of external organisations and these are reviewed following County elections. A number of these appointments are reserved to full Council, as specified in the Council's Constitution. Appointments to other organisations are made the Regulatory Committee, except those that relate to a specific area, which are appointed by the appropriate Area Committee.

The Council on 17 May and the Regulatory Committee on 7 July have already made a number of appointments. (The appointments are listed in appendices to the report to Regulatory Committee agenda for 7 July). It is now for the Area Committee to make appointments to the organisations within its remit, as listed in the appendix to this report.

2.0 Recommendation from Regulatory Committee

The appendix shows those bodies to which appointments should be made by the area committee. The membership that was in place prior to the County Elections is shown for reference. Names in italics are those Councillors who did not stand or who were not returned. Some of the appointees were non-councillors and these are shown under the group that nominated them in 2001.

The Regulatory Committee has responsibility for the overall distribution of places between the political groups and the independent member on the Council. The Committee, in looking at the distribution, has requested that the Area Committee have regard to the principle of political proportionality within its area when making the appointments. The chart indicates the allocation

that should be made if proportionality is applied. (Proportionality has been calculated on the basis of the size of the political groups within the area).

3.0 Communication of Activities of Organisations

The Member Services Manager has undertaken a survey of the organisations last summer to ascertain up to date details on the bodies (and remove from our lists any that are no longer appropriate). Organisations were asked to complete a questionnaire and to give details of their purpose and status (e.g. charitable, company status), nature of our appointments (e.g. directorships) and current information on the way they operate, including their funding, activities and meeting arrangements. An opportunity was afforded for the organisations to add any comments they consider could be useful. The information gleaned to date will be forwarded to members as they are appointed.

In order to ensure that county council representation is helpful to both the organisation and the appointee, it is suggested that those appointed complete a short survey each year. This could also provide an opportunity to pick up any issues of interest that could be reported to the appropriate committee or circulated to Members for information.

4.0 Conclusion

The Committee is asked to allocate places amongst the groups and to appoint members to the organisations listed in the appendix.
