

Office Key Decision Record – Mobile Voice and Data Services

Chief Officer taking the decision	David Cater – Strategic Director, Resources
Date of Decision (not before: 28 th June 2013)	28/06/2013

Decision Taken

That the Strategic Director for Resources approves that the County Council commence the tender process for Mobile Voice and Data Services for a three-year (maximum) contract.

Reasons for Decisions

The cost for this service would be estimated as £975,000 based on current costs, but with the projected savings it is estimated to be £600,000 for the full duration of this contract.

The results of this tender will be available for the use of Warwickshire Fire and Rescue and the District and Borough Councils within the county.

It is proposed that we undertake a further competitive process under the Government Procurement Service Framework Agreement RM1692 Lot 6.

Background Information

For a number of years the Authority has tendered for Mobile Voice and Data Services. We seek permission to re-tender and award a further contract to start on 1st September 2013 to run for two years, with an option to extend by one further year to a maximum of three years. The tariffs available suggest that this should enable the Authority to enable a cost saving on the services we provide.

Financial Implications

As listed in the report.

Report Author	Angela John
Head of Service	Tonino Ciuffini
Strategic Director	David Carter
Portfolio Holder	Councillor Jeff Clarke

Checklist

Urgent matter?	No
