

**Proposed Decision to be taken by the
Portfolio Holder for Transport & Environment
on or after 17 November 2017**

**Warwick District Council
Off-Street Parking Places Order 2018**

Recommendation

That the Portfolio Holder for Transport and Environment consents to the making of the Warwick District Council Off-Street Parking Places Order 2018 by Warwick District Council.

1.0 Key Issues

- 1.1 Warwick District Council (WDC) is proposing to introduce changes to its Off-Street Parking Places Order which will result in amendments to the existing pay & display car parking facilities in all car parks operated and maintained by WDC.
- 1.2 The consent of the County Council is required under section 39 of the Road Traffic Regulation Act 1984. By virtue of section 32 of that Act, off-street car parks may be provided for the purpose of relieving or preventing congestion of traffic.
- 1.3 In deciding whether or not to exercise its power to consent (or to withhold consent), the Council is required to have regard to the matters set out in section 122 of the Road Traffic Regulation Act 1984. Section 122(1) requires the Council to exercise the functions conferred on it (so far as practicable having regard to the matters specified in section 122(2)) to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians), and the provision of suitable and adequate parking facilities on and off the highway.
- 1.4 The matters to which the Council must have regard are:-
 - The desirability of securing and maintaining reasonable access to premises
 - The effect on the amenities of any locality affected and the importance of regulating and restricting the use of roads by heavy commercial vehicles so as to preserve or improve the amenities of the areas through which the roads run
 - The national air quality strategy prepared under section 80 of the Environmental Protection Act 1995

- The importance of facilitating the passage of public service vehicles and of securing the safety and convenience of persons using or desiring to use such vehicles
- And any other matters appearing to the Council to be relevant

1.5 Therefore whilst the overall objective of the Council must be to secure the expeditious convenient and safe movement of vehicular traffic this will sometimes need to give way to the objectives in section 122(2) and a balance has to be achieved between the overall objective and the matters set out in section 122(2).

2.0 Proposals

2.1 WDC is proposing to make amendments to tariffs in its car parks in the towns of Leamington, Warwick and Kenilworth. **Appendix D** shows the existing tariffs and **Appendix E** shows the proposed tariffs

2.2 **Appendix A** contains the Executive Report produced by the Warwick District Council's Contract Services Manager for the WDC Executive Committee meeting on 31 August 2017. **Appendix B** contains the draft notice produced by WDC which has not yet been published. **Appendix C** contains the draft off-street parking order document that WCC is being asked to give its consent to.

3.0 Other Considerations

3.1 Warwickshire County Council receive complaints about commuter parking from residential areas close to the town centres in the Warwick District. There is an existing problem with the level of parking in streets outside the town centres, higher charges and the charging for parking on Sundays may encourage more out-of-centre parking. Impacts cannot be predicted that would be sufficient to justify a recommendation of a refusal of consent. It is anticipated that any increase in on-street parking demand can be managed through WCC's existing procedure when dealing with requests for new or amendments to Traffic Regulation Orders. It is not anticipated that the increase in charges will impact on highway safety or traffic management.

4.0 Financial Implications

4.1 In accordance with 3.1 any financial implications for Warwickshire County Council arising from WDC's proposals can be managed within existing budgets.

5.0 Timescales associated with the decision and next steps

5.1 Once a decision has been made by the Portfolio Holder the response will be sent via email.

Suggested next steps (if not final decision please set out below)		

1. Summary

- 1.1) There are significant challenges on the horizon for car parks in Warwick and Leamington and the increases to car park charges take in to account the individual towns parking needs and forthcoming car parking issues.
- 1.2) The changes to car park fees and charges detailed in this report estimate to increase overall car park income by 2%. The additional income is to be generated from a review of season ticket rates, increases to the pay & display rates in the Kenilworth car parks, Old Town Car Parks and the overnight charge.

2. Recommendation

- 2.1. The Executive Committee recommend to Full Council on 20th September 2017 to the increase to car park fees and charges as detailed in sections 8.5 and 8.7 for implementation from 1st January 2018.
- 2.2. The Executive Committee grants delegated authority to The Head of Neighbourhood Services, in consultation with the Portfolio Holder for Neighbourhood Services, to implement the car park fees and charges (as detailed in Appendix 1), in accordance with the Off-Street Parking Order Process.

3. Reasons for the Recommendation

- 3.1 Consultation on the proposed increases to car park charges is still ongoing and will be completed before the Executive meeting on 31st August 2017, therefore a verbal update on any further stakeholder comments will be provided at this meeting. To date officers have been able to gain support for the proposed charges from Leamington Town Council and Kenilworth Town Council. Warwick Town Council is due to review the proposals on the 17th August and comments are still to be received from local business groups.
- 3.2 The Council is required to update its Fees and Charges in order that the impact of any changes can be reflected in the setting of the budget for April 2018. Discretionary Fees and Charges for the forthcoming calendar year have to be approved by Members.
- 3.3 The provision of off-street car parking is an important service that Warwick District Council provides as it supports residents, town centre businesses and tourism.
- 3.4 The car park stock requires substantial funds on an ongoing basis to maintain and improve it. All the costs of operating, maintaining and supporting the car park service have been brought together in a car parking Memorandum Account. This demonstrated that the car parks are operating at a substantial deficit. With continued financial restraint by Central Government upon Local Authorities there is a requirement for Warwick District Council to seek to recover the full costs of the service. Charges for this year have been devised to take into account the need to reduce the net cost of the service whilst understanding the parking needs associated with each town.
- 3.5 The proposed Riverside House move would result in the closure to Covent Garden multi storey and surface car parks in late 2018, also the structural condition of Linen Street car park is under constant review and this car park could potentially close at any time. Both of these closures will have significant

impacts on parking within Warwick and Leamington Spa and there is ongoing work in relation to car park displacement planning which might necessitate the need for further changes to charges. This has been factored in to the new car park charges resulting in only minor changes to Warwick and Leamington Spa car parks rates.

4. Policy Framework

- 4.1 Fit for the future, supporting the vitality and viability of town centres.
- 4.2 Fit for the Future, ensuring that the Council achieves additional income to enable it to set a balanced budget whilst maintaining service provision.

Budgetary Framework

- 5.1. The increases to Pay & Display and Season Ticket charges will generate circa £70k for this forthcoming financial year which is an overall increase to car park income of 2%.
- 5.2. Budget Estimate

	2017/18 £ Budget	2018/19 £ Estimate	% Variation
Off-Street Charges	£2,640,000	£2,695,000	+2
Season Ticket Income	£225,000	£240,000	+6.5
Penalty Charge Notices	£105,000	£105,000	+0
Total Income	2,970,000	3,040,000	+2

- 5.3 Changes to pay & display charges are estimated to generate an additional £55k. The table in section 8.6 gives a detailed breakdown of the existing charges and the table in section 8.7 provides a detailed breakdown of the new charges proposed for each car park. A summary of the pay & display increases are as follows;
 - 5.3.1 Car parks with the overnight charge will see the charge increase by 50p and the new rate will be £1 for overnight parking. It is proposed this will generate circa £15k.
 - 5.3.2 The all day rates in Old Town car parks of Bath Place, Court Street and Packington Place to be increased by £1 to £4.50. It is proposed this will generate circa £4.5k.
 - 5.3.3 The charges at Station Approach Lower Road which are £1.50 for 6 hours and £3 all day are to be changed to the linear charge in operation within the Old Town car parks which is 12 minutes for 10p with a maximum all day rate of £4.50. It is proposed this will generate circa £5.5k.
 - 5.3.4 Amend the linear charge at all Kenilworth car parks from 10p for 12 minutes to 10p for 10 minutes. This will increase the hourly rate by 10p. It is proposed this will generate circa £30k

- 5.4 The changes to season ticket charges are estimated to generate an additional £15k. All car park season ticket charges will now be derived from a formula whereby the total number of days of parking is multiplied by the all-day parking rate in that car park. The introduction of this formula will see increases to most of the current season tickets available to purchase. The table in section 8.5 gives a breakdown of all the old and new season ticket price increases. A summary of the formula is as follows;
- 5.4.1 Increase all annual season tickets prices to reflect 110 days of all day parking in long stay car parks and 135 days of all day parking in high use town centre car parks.
- 5.4.2 Increase all monthly season tickets to reflect 16 days of all day parking in car parks.
- 5.5 The Council's Medium Term Financial Strategy assumes an overall increase in income from discretionary fees and charges of 2% per annum. The proposed changes to car park charges should meet this requirement.

6. Risks

- 6.1. Increasing prices could deter usage as the take up is discretionary. Customers may choose to use the Service less frequently or use an alternative supplier where one is available.
- 6.2. If objections are received during the off-street parking order process, the Council will seek to negotiate the withdrawal of the objection, depending on the amount and type of objection received a report to the Executive Committee may be required.

7. Alternative Option(s) considered

- 7.1 All three towns are utilising the linear charging regime, whilst this type of charge gives greater flexibility for customers it limits the ability to increase prices. With nearly 55% of ticket sales being 2 hours or under, the option to increase the up to 2 hours off-street parking charges was considered. This option has been discounted due to the District not being able to increase these lower band charges without the County Council increasing their up to 2 hours on-street charges.
- 7.2 During the consultation process, the increase of the overnight charge by 50p was considered high by the Town Councils. Officers looked at a lower increase to the overnight charge of 20p which would increase the charge to 70p for overnight parking and is estimated to generate £10k. However this option has been discounted as stakeholders accepted that original 50p increase was still low in comparison to the charges on offer in the car parks.

8. Background

8.1 Off-Street Parking Orders Process;

8.1.1 Informal consultation with local stakeholders is carried out prior to the Executive and Full Council agreeing to increases.

8.1.2 As part of the Off-street Parking Order process it is necessary to submit a report detailing the proposed charges to the Executive for approval. If approved at Executive the charges will then need full Council approval. Once approval is obtained at WDC, approval is then required from WCC as the Highways Authority. If WCC approve, the Parking Orders can then be advertised locally for public consultation.

8.1.3 The Off-street Order process requires objections to be countered by officers. If objections are received, the Council will seek to negotiate the withdrawal of the objection, dependent on the amount and type of objection received a report to the Executive Committee may be required. The Executive Committee may wish to disregard objections made at any stage by any party and accept the risk of High Court action but must only do so if they believe a reasonable argument exists.

8.2 Linear Charge - The Linear charge means progressing from one charge to another in a series of incremental time steps. Where there is a minimum stay of 30 minutes no pay and display tickets can be purchased for amounts below this tariff vend. Where the linear charge is 10p for 6 minutes the minimum vend for 30 minutes will be 50p subsequent additional coins will add to the expiry time of 6 minutes for every 10p inserted.

8.3 The recent report "Off-street car parking charges review" produced by the Task & Finish Group at the end of May 2017 gave consideration to number of proposals in relation to price structure and income generation. It will take some time for officers to work through all of these proposals. The timescale for implementing the car park charges for 2018 is very tight, therefore the proposal from the Parking Task and Finish Group cannot be considered as part of this process. Officers will work on the proposals from the Task and Finish Group report separately.

8.4 Comments from stakeholder consultation;

8.4.1 Leamington Town Council comments - Members initiated a debate on this matter and agreed that no objection is raised to the parking charge increases. However, the following observations were made: -

- The Council recognises the reasons for the increases in the all- day parking charge for Car Parks in South Leamington. It is supportive of strategies that strive to achieve a balance between parking for residents and commuters.
- The Council notes the intended progressive increase in charges at Kenilworth and would wish to see equalisation of charges with those in Leamington as soon as practicably possible.

8.4.2 Kenilworth Town Council comments - Members have asked that the following response be sent in response to the consultation

- Kenilworth Town Council were supportive of the car park charge increase proposals but wanted Warwick District Council to note that they felt the level of increase to the overnight charge and season tickets was high.

8.4.3 Warwick Town Council's comments - Warwick Town Council supports the move to bring parking charges in Kenilworth in line with Warwick. Councillors would like to see a joined-up strategy, WCC & WDC working together, with on and off-street parking reviews.

The parking proposal was put forward at the Warwick Town Council Economic and Tourism Committee which has members from the Warwick Chamber of Trade and Business community. Members of the Chamber of Trade had no issues with the proposed charges however expressed concerns over the situation at Linen Street MSCP and the potential loss of parking to the town centre.

24. The charge for the parking period for a vehicle left in a parking place shall be indicated by the issue by a ticket machine of one or more tickets being consecutive numbers indicating that the relevant charge has been paid in respect of the parking period required, and the date ticket(s) issued.
25. Where a Civil Enforcement Officer is of the opinion that any of the provisions contained in this Order have been contravened or not complied with in respect of a vehicle left in a parking place, he may remove the vehicle from the parking place or cause it to be removed and, where it is so removed, shall provide for its safe custody.
26. (1) Any person duly authorised by the Council may move or cause to be moved in case of emergency, to any place he thinks fit, vehicles left in a parking place.

- (2) Where a vehicle is left in a parking place other than in a position specified in column 2 of Schedule 1 any person duly authorised by the Council may move the vehicle or cause it to be moved to a position which complies with that specified in the said column.
27. (1) (a) A vehicle left in a parking place as specified in schedule 2 shall be exempt from the payment of any charge if there is displayed in the relevant position on that vehicle a disabled person's badge issued by any local authority by virtue of Regulation 5 or Regulation 6 of the Disabled Persons (Badges for Motor Vehicles) Regulations 1975 (as amended).
- (b) A vehicle left in a Limited or Maximum Stay parking place shall be exempt from the payment of any charge for the maximum parking period as notified on the appropriate signs if there is displayed in the relevant position on that vehicle a disabled persons badge and time clock set for the time of arrival at that parking place as issued by any Local Authority by virtue of Regulation 5 or Regulation 6 of the Disabled Persons (Badge for Motor Vehicles) Regulations 1975(as amended).
- (2) For the purposes of the foregoing paragraph of this Article a vehicle shall be regarded as displaying a disabled person's badge in the relevant position when
- (i) in the case of a vehicle fitted with a front windscreen, the time clock and badge is exhibited thereon with the obverse side facing forwards on the near side of and immediately behind the windscreen; and
- (ii) in the case of a vehicle not fitted with a front windscreen the badge is exhibited in a conspicuous position on the vehicle.
28. (1) Where the driver of a vehicle is alleged to be guilty of an offence to which this Order applies the owner of the vehicle shall give such information as to the identity of the driver as he may be required to give by or on behalf of the Council; and
- (2) Any other person shall if required as aforesaid give any information which it is in his power to give and may lead to the identification of the driver.
29. The Council shall not be responsible for any loss or damage to any vehicle or to anything contained therein or thereon from any cause whatsoever whilst entering, within, or leaving a parking place.

30. When a vehicle is left in a parking place in contravention of any of the provisions contained in this Order, any duly authorised person, or any persons acting on the instructions of a duly authorised person may remove the vehicle or arrange for it to be removed within or from that parking place and neither such person nor the Council shall be responsible for any loss or damage to the vehicle or to anything contained therein or thereon arising from, or in consequence of, the exercise of the powers contained in this Article. Any expenses incurred by the Council in removing a vehicle within any parking place shall be recoverable by the Council from the driver of the vehicle summarily as a civil debt.
31. No person shall drive a vehicle in the car park at a speed exceeding 10 m.p.h. or in any manner likely to cause danger.
32. Any person removing a vehicle by virtue of the last preceding Article of this Order may do so by towing or driving the vehicle or in such other manner as he may think necessary and may take such measures in relation to the vehicle as he may think necessary to enable him to remove it as aforesaid.
33. Notwithstanding the provisions of this Order the Council may by notice displayed on or near a parking place close that parking place for any period either generally or in respect of a particular class or classes of vehicles and the driver of any vehicle or of a particular class or classes of vehicle shall not use the parking place when it has been so closed.
34. Skips placed on a car park must be authorised and pay the current charges as set out in the Council's Schedule of Charges.

PART III

DISPOSAL OF VEHICLES ABANDONED IN A PARKING PLACE

35. The Council may as respects a vehicle which has been removed from a parking place in pursuance of Article 30 of this Order, if it appears to them to have been abandoned, sell or otherwise dispose of the vehicle after having made reasonable enquiry to ascertain the name and address of the owner of the vehicle PROVIDED THAT, the Council shall be deemed to have made reasonable enquiry to ascertain the name and address of the owner of any vehicle to which this Article applies if they have taken in relation to that vehicle such steps as may be prescribed by any regulations for the time being in force by virtue of the Act for authorising the Council to sell or otherwise dispose of the vehicle if it had been left on a road and if it appears to the Council that it had been abandoned.
