

Decision Record – Proposed Raised Traffic Calming Features High Street, Alcester

Cabinet Portfolio Holder taking the decision	Cllr Peter Butlin Transport and Planning
Date of Decision (not before: 22 nd Nov 2013)	27/11/2013

Decision Taken

That the Portfolio Holder for Transport and Planning agrees that the proposed raised traffic calming features on High Street, Alcester are implemented as advertised.

Reasons for Decisions

High Street, Church Street and Henley Street are C Class roads with a 30mph speed limit throughout. All three roads link on from one another and run through Alcester Town Centre. Through the town there is frontage commercial and residential development on both sides of the carriageway.

Through discussions with the Local Councillor and with the support of the local residents, Planning Committee, Chamber of Trade, Civic Society and the Town Council a scheme was put forward to introduce raised crossing points and speed cushions.

Proposals to implement proposed raised traffic calming features on High Street, Alcester were advertised in both the Stratford Herald and the Redditch Advertiser during week beginning the 02 September 2013 and week beginning the 09 September 2013. The plan showing the proposals is attached as Appendix A to the proposed decision report.

Background Information

Seven objections were received to the proposed raised traffic calming features and nine letters of support. The proposed decision report considers the objections and comments received and recommends how they should be dealt with.

Financial Implications

Funding from the 2013 / 14 Delegated Budget has been allocated to the High Street, Alcester scheme.
