

Decision Made by the Portfolio Holder – Transport and Planning on 12<sup>th</sup> June 2015

Consultation on the Proposals Associated with Getting West Nuneaton Moving:  
Bermuda Connection.

This decision was called in on 12 June 2015 on the grounds that:

- i) The consultation is being approved was not made available to other members so that any sensible debate about content could be made.
- ii) The 10 consultation venues avoid the areas most impacted by the project. This could lead to later challenges and give the impression that the council is acting unreasonably.

The matter will be considered by the Communities OSC on 24 June 2015.
