

Proposed Decision to be made by the Portfolio Holder for Transport & Planning on or after 15 March 2019

Approval for Increasing Fees and Charges within Environment Services

Recommendation

That the Portfolio Holder for Transport & Planning approves the increases in fees and charges as set out in the report and appendices.

1.0 Introduction

- 1.1 It is a requirement of the County Council's Constitution that Portfolio Holders approve increases to fees and charges on behalf of the County Council.
- 1.2 It is the County Council's practice that all fees and charges are increased each year by at least the rate of inflation. The fees and charges for the year 2019/20 have been calculated to recover the full costs to the County Council in administering licences and permits.
- 1.3 This report seeks such approval in relation to the increases in fees and charges within Environment Services relating to the Transport Portfolio for 2019/20.
