- Further Consultation

Warwick Area Committee – 21st March 2006

Area Community Learning Partnership for Warwick District, Progress Report 2005/06 and Action Plan for 2006/07

Report of the Area Community Learning Partnership

Recommendations:

- (1) That the progress made in the development of the Community Learning Strategy and the multi-agency Community Learning Plan for Warwick District is noted.
- (2) That the detailed progress report against 2005/06 actions be endorsed.
- (3) That the Area Committee gives their comments on the draft outline plan and actions for 2006/07.
- (4) That a finalised Area Community Learning Plan for 2006/07 is submitted to the Area Committee for information in the summer.

1. Background

- 1.1 Community Learning is one of four priorities in the current Single Education Plan (SEP) which aims to provide a vision for learners across the County. It will feature prominently in the forthcoming Children and Young People's Plan (CYPP). The CYPP will over time set the strategic agenda within which Warwickshire County Council and all relevant partner agencies will collaborate to improve outcomes for children, young people and their families in their communities. These outcomes relate not only to learning but also their health, safety, wellbeing and the positive contribution they can make to society.
- 1.2 The development of the Community Learning Strategy and multi-agency Community Learning Plans enable the Local Authority and all partner organisations:
 - To engage in new ways with the local community, so that learners, parents and carers, and our partners are all working together to help learners of all ages to achieve their potential.
 - To enhance communication and understanding across the range of learning provision.
 - To ensure that increasingly complex arrangements for learning:

- Are planned more coherently to avoid needless duplication
 - Have agencies working together – not in competition with each other
 - Seek to respond to the differing needs of local communities
 - Are subject to local democratic scrutiny.
- 1.3 The Area Community Learning Partnership (ACLP), which has met regularly since April 2003, is co-ordinated and serviced by the Education Department and is the vehicle through which the Area Community Learning Plan has been developed.
- 1.4 The ACLP is the 'Lifelong Learning Theme Group' for the Warwick Local Strategic Partnership.
- 1.5 Progress against the 2005/06 action plan was monitored by the ACLP on a regular basis and all partner agencies contributed to the process. A full progress report for 2005/06 is attached at **Appendix A**.

2. The Area Community Learning Plan 2005/08

- 2.1 Progress made against the Community Learning Plan for 2005/06 has been encouraging and has given partner agencies a firm basis to build upon when considering future working.
- 2.2 This is a time of great change for a number of organisations including the Learning and Skills Council, the Connexions Services and the Primary Care Trust. These changes along with the modernisation of the County Council mean that to finalise agreed working activity will take a little longer than in previous years.
- 2.3 Attached as **Appendix B** Members will find a draft outline plan for 2006/07. This document includes a brief summary of progress to date along with a partnership activity action plan for 2006/07.
- 2.4 In recognition of the wealth of activity taking place within the District in support of the ACLP priorities, a directory of activity is included at the back of the plan. This information will be updated annually and will be used to encourage dialogue and joint working to facilitate and support the priorities of the ACLP.
- 2.5 The ACLP welcomes the comments of the Area Committee and will look to finalise the plan in late May. A copy of the finalised plan will be shared with Members in the summer.

Evaluation undertaken and report produced. • Capacity building events taken place. • Held a build your own robot day at Racing Club Warwick and another planned for Lillington. • Session held at St. Anthony's Primary School. Extremely positive feedback from parents. • Being Together Being Ourselves piloted in a number of schools throughout the District. 	WCC ACLS D McLeod
7.4	Increased hours for universal nursery education	<ul style="list-style-type: none"> • Delivered in partnership with LEA, Private and Voluntary sector. 	2007	<ul style="list-style-type: none"> • Changes in funding from April 2006 will increase provision to 38 weeks per year. • Further changes expected from 2007 to increase daily provision from 2½ hours to 3 hours. Issues over phased implementation 	WCC Early Years Sally Lightfoot

AREA COMMUNITY LEARNING PARTNERSHIP FOR WARWICK DISTRICT

FOREWORD

The Area Community Learning Partnership is the Lifelong Learning Theme Group of the Local Strategic Partnership for Warwick District. The Partnership reflects a multi agency approach to meeting the priority needs across the area.

In 2005 the Partnership produced a plan containing a summary of work previously undertaken and the plans and aspirations for the period through to 2008. It is now time to review progress made during 2005/06 and to consider the focus for 2006/07. The Community Learning Plan 2005/06 and the action plan 2006/07 have been produced accordingly. This document should be read in conjunction with the more detailed Warwick District Community Learning Plan 2005/08.

Directory of Partner Agency Activity	16

WHAT IS THE AREA COMMUNITY LEARNING PARTNERSHIP?

The Area Community Learning Partnership (ACLP) is the Education and Lifelong Learning “Theme Group” of the Local Strategic Partnership for Warwick District. It consists of representatives of local government, health, education bodies, business, and voluntary and community organisations. We operate by bringing the various agencies together to learn from and influence each other in the interests of the people of Warwick District. This plan describes their commitment to cooperate in order to improve learning opportunities for people in the area.

OUR LONGER TERM PRIORITIES AND FOCUS

The ACLP believes that Warwick District should be “a total learning community” where everyone, regardless of age or life circumstances, is enthusiastically engaged in learning. This will bring benefits to individuals, families, communities, the economy and the environment. The ACLP will also continue to work to avoid duplication both within the statutory and voluntary and community sectors.

In order to achieve this we will need to make sure that:

- people can learn in places convenient to them whether this is at home, in a family setting, at work, in places dedicated to learning like libraries, schools and colleges, in a local community centre or elsewhere
- the value of learning is understood by those making decisions about resources to ensure the best possible learning resources are available to learners in the district
- full use is made of technology including computers to make learning available to everyone.
- barriers to learning have been reduced so that everyone has the chance to satisfy their learning needs.
- all organisations that provide learning work closely together to ensure that the needs of learners are put before the needs of their organisations, so that the best use is made of available resources and learners can freely and easily move from one organisation to another

DRAFT 2 (23.02.06)

OUR VISION FOR 2005/08

The Area Community Learning Partnership has identified the following issues as priorities for collaborative working through to 2008

- To develop common expectations and standards for adult learners across all providers of community based Information, Advice and Guidance, Essential Skills and Basic Information and Communication Technologies (ICT) provision.
- To develop consumer education /access to legal rights / financial literacy.
- To increase the availability of learning opportunities for under-represented groups and communities.
- To enhance the community-learning role of schools, libraries and community buildings and to promote the co-location of services.
- To support the development of flexible learning opportunities to meet individual and employer need.
- To improve access to youth provision and informal learning opportunities for young people especially in the priority communities and groups.
- Support for parents, carers and families generally including the development of Sure Start, Children's Centres and Neighbourhood Nurseries.

WHAT HAVE WE DONE SO FAR?

A major focus for the Area Community Learning Partnership since the beginning of 2004 has been to develop a network of organisations across Warwick District who are committed to supporting learning for adults (16+) and families. Successful funding bids were submitted to the Learning and Skills Council for Coventry and Warwickshire and the Government Office for the West Midlands to enable us to appoint a dedicated Development Worker to take this initiative forward.

The success of the project has enabled us to secure additional funding and subsequently expand the staffing. We are now looking to ensure the long-term sustainability of the network and to promote the work of CHOICES in the wider area.

DRAFT 2 (23.02.06)

We piloted a home learning scheme within Warwick. The Help a Mate project encourages people to take on home learning around a number of issues but to help people become active members of their community. A number of people took part in the programme and some have now gone on to take part in more learning opportunities.

Work has also taken place to build collaborative partnerships between a range of learning providers for young people aged 14 – 19 years.

Partner agencies have continued to work throughout the District to ensure that people have opportunities to learn close to where they work or live. Learning Opportunities are provided throughout the week and at different times of day. We hope to do more during 2006/07 to ensure people are aware of how to access information about what opportunities are available to them.

A LIST OF TERMS AND ACRONYMS USED IN THE PLAN

ACH	Adult, Community and Health (WCC)	LLSC	Coventry & Warwickshire Learning & Skills Council
BME	Black and Minority Ethnic	LSP	Local Strategic Partnership (Rugby Forward)

DRAFT 2 (23.02.06)

OUR FOCUS FOR 2006/07

Below you will find an action plan of how the ACLP aims to address the priorities identified in this document. At the end of twelve months a progress report will be produced along with an updated action plan giving the focus for the following twelve-month period. The Warwick Local Strategic Partnership and individual partner agencies will consider reports on progress.

At the back of this plan you will find a list of current members of the ACLP along with their contact details and a directory of existing partnership working within the District, which actively supports the priorities of the ACLP.

1. To develop common expectations and standards for adult learners across all providers of community based Information, Advice and Guidance, Essential Skills and Basic Information and Communication Technologies (ICT) provision

Ref	Activity/Programme	Reason for action	Milestones	Agencies Involved	Convenor/Key Contact
1.1	To continue with the development and promotion of CHOICES.	To support CHOICES with funding applications re long term sustainability. To support CHOICES in becoming an independent organisation to assist with longer-term sustainability issues. To continue to have representation of the CHOICES Steering Group. To support CHOICES in increasing the spread of the network within Warwick District. To promote the success of CHOICES throughout the wider area.	On going October 2006 On going March 2007 March 2007	All partners	CHOICES Manager Rachel Evans
