

WARWICKSHIRE CLIMATE CHANGE ACTION PLAN FOR 2006 / 2007

Here is a draft Warwickshire Climate Change Action Plan which has been developed through a process of consultation with a wide range of organisations across Warwickshire and the Warwickshire Climate Change Partnership Steering Group.

Please indicate on the table any projects that your organisation is already participating in, or would like to participate in – either as the lead organisation or as a support organisation.

If you are already involved in a Warwickshire Climate Change Partnership Project which does not appear on this list please contact Dr. Jacky Lawrence with details about the project and this will be added to the Action Plan.

The leads from each of the Partnership Projects will be invited to join the Warwickshire Climate Change Partnership Steering Group.
