Project to raise awareness of the many ways householders can:

- ∇ Reduce plastic use, especially single-use
- ∇ Reuse more in the home and in the community
- ∇ Recycle fully and correctly

The project will use the Slim Your Bin platform to educate Bin Dieters how to reduce their plastic use and then also help them with reducing other waste, especially food waste

Resources and Waste Strategy

Circular Economy Model

Our waste, our resources

1. Production
 - Extended Producer Responsibility – packaging and others
2. Consumer Guidance
 - Education, incentives and correct disposal
3. Waste recovery and management
 - Weekly separate food waste (None in landfill from 2030)
 - Look at garden waste charging
 - Consistent set of dry recyclables
 - Look at HWRC regulation – charging and hours
 - Look at 2 tier working arrangements and recycling credits
4. Waste crime
5. Reducing food waste
6. International leadership
7. Research
8. Measure, Monitor & Evaluate
