APPOINTMENT: CHIEF FINANCE OFFICER

CONFIRMATION HEARING - 28th August 2019

Executive Summary

The purpose of this report is to enable members of the Police and Crime Panel (PCP) to consider the Police and Crime Commissioner's (PCC) proposed appointment of a Chief Finance Officer (CFO).

In doing so the panel must satisfy itself that the preferred candidate selected by the PCC has the professional competence to undertake the role and has significant personal independence to be able to act operationally independent of the PCC.

The report provides an overview of the appointment process that has been undertaken to select the preferred candidate.

The PCC wishes to appoint Mrs Sara Ansell as his CFO.

Recommendation

It is recommended that the PCP considers the PCC's preferred candidate Mrs Sara Ansell for the role of CFO to the PCC, at the confirmation hearing on 28th August 2019.

1. Introduction and Background

Since June 2016 the PCC has shared his CFO, Elizabeth Hall with the PCC for West Mercia, providing 50% of the funding for the post. The current post holder works 3 days a week and splits her time to provide CFO advice and support to both PCC's.

Elizabeth is supported in her role by the Head of Finance and Deputy 151 Officer Sara Ansell who works fulltime. The PCC in Warwickshire provides 31% of the funding for this post and as with Elizabeth, Sara splits her time supporting both PCC's on a 69%:31% basis.

Following West Mercia's decision to terminate the Strategic Alliance (SA) which was announced on 8th October 2018 the PCC has reviewed his requirement for financial advice in the light of this decision.

The PCC is firmly of the view that he requires financial advice that is independent of the Police. Both the '**CIPFA statement on the role of the CFO of the PCC and the CFO of the Chief Constable**' and the '**Financial Management code of practice for Police Forces of England and Wales**' clearly state that the PCC and Chief Constable should have their own CFO. The statement requires that both the PCC and Chief Constable should appoint separate CFO's and when under existing arrangements a joint CFO has been appointed the reasons should be explained publically in the PCC's Annual Governance Report, together with an explanation of how the arrangement will deliver the same impact.

The PCC wishes to appoint his own CFO and not rely upon a shared arrangement as outlined. Further, in the light of West Mercia's decision to terminate the SA the PCC considers it is imperative that he has his own independent financial advice which is separate to the force. The impact of the termination is likely to be very significant from a financial perspective and with this in mind the PCC is seeking to appoint a fulltime CFO to meet the challenges that the termination will undoubtedly bring.

The PCC must under the Police Reform and Social Responsibility Act 2011 (Act) notify the PCP of the preferred candidate for appointment as CFO. Schedule 8 of the Act states that the PCC must provide the following information:

- a) The name of the person who the PCC is proposing to appoint;
- b) The criteria used to assess the suitability of the candidate and how the candidate satisfies these criteria; and
- c) The terms and conditions under which the candidate is to be appointed.

Also provided for the PCP's consideration are

- i. Job Profile and Person Specification
- ii. The HR and selection process followed;
- iii. Expression of interest of the preferred candidate.
- iv. Questions posed during the selection interview;

2. Matters for consideration.

2.1 Job Profile and Person Specification

The role profile is a key document in the appointment process. It sets out clearly the expectations and requirements of the role. Please see **Appendix A** of this report.

2.2 The HR and selection process

As a consequence of termination both Elizabeth Hall and Sara Ansell were put at risk as clearly the existing arrangement as set out in Section 1 could not continue after 8th October 2019.

Following the Alliance management of change policy both Elizabeth Hall (as a slot in) and Sara Ansell were offered this post.

Elizabeth Hall declined the post. Sara Ansell following request submitted an expression of interest for the post which is attached at **Appendix B** for the panel's consideration. This sets out how Sara feels that she has the necessary experience and skills to perform the CFO role.

Sara has worked in her current role since March 2017 and as such her skills and abilities are already known to the PCC. Some panel members will also be familiar with Sara as she has attended full panel meetings and meetings of the panel's Budget Working Group since she was appointed.

On Thursday 8th August 2019 Sara was interviewed for this role by the PCC, Neil Hewison Chief Executive and Jat Virk HR Business Partner.

A copy of the questions posed are attached for the panel's consideration at **Appendix C**.

Sara answered all of the interview questions well and passed the interview.

Based upon her previous experience with the Office of the Police and Crime Commissioner (OPCC), her expression of interest in the role and her performance during interview the PCC was satisfied that Sara was suitable to be appointed as his CFO.

2.3 Preferred Candidate – Sara Ansell

As is apparent from her expression of interest Sara has extensive experience in public sector finance. For 12 months she successfully performed the acting CFO role at Nuneaton and Bedworth Borough before joining the OPCC. She is a qualified public sector accountant and a member of CIPFA. In addition, Sara has deputised for the existing OPCC CFO over the past two years and has benefited and learnt from Elizabeth Hall's extensive experience as a CFO.

Sara's proposed appointment is a well-deserved career progression.

2.4 Terms and Conditions of appointment

This permanent full time appointment will commence on 8th October 2019.

The CFO post has been independently 'Hay' evaluated as a Grade L (Alliance Police Staff Pay Grade). The annual salary being £64,847.

The post holder will be eligible to enrol in the Local Government Pension Scheme. Expenses and business mileage costs incurred in connection with the role will be reimbursed.

2.5 Deputy CFO

Following Sara's appointment arrangements will be made to identify a deputy CFO as is required under legislation. The PCC has no intention of appointing a deputy but will seek support from possibly Warwickshire Police or other public sector partners in Warwickshire to provide deputy CFO cover for the OPCC when it is required.

Personal Qualities Level: Senior Manager, Schedule to be inserted

Appendix B- Warwickshire Office of the Police & Crime Commissioner
Sara Ansell - Expression of Interest – Treasurer Vacancy - July 2019

I am very grateful for the opportunity to apply for this post and hope that the information provided demonstrates my suitability for the role. As you are aware I have been working as the Deputy CFO for the PCC's across the Alliance since taking up the position in March 2017. Throughout that time I have been exposed to a number of opportunities and challenges, many finance-related and others more overarching, but all have required me to apply some of the key skills and qualities that I feel I possess, and that are transferable to this role. Crucially my current role has also given me knowledge and experience of working within the 'policing' environment at a senior level in both OPCC's, and during a period of unprecedented change.

I consider some of my significant achievements over this period include playing a fundamental role in preparing budgets and medium term financial plans in 2018/19 and 2019/20 and the associated reports, undertaking critical budget monitoring and financial control processes, coordinating and preparing narrative reports and PCC accounts for inclusion within the Statement of Accounts for each PCC and Chief Constable, actively working with the Warwickshire OPCC on their commissioning work throughout 2018/19 and working closely with the Chief Officer team to support Warwickshire as it exits from the Strategic Alliance, whilst balancing any potential conflicts of interests arising from my shared role, requiring me to work with integrity and diplomacy, as well as confidentially, whilst maintaining relationships on both sides.

Whilst the Treasurer role represents a career progression opportunity, it is one that I am confident I can fulfil. I have previously acted up into a S151 role for a 10-11 month period to cover maternity leave at Nuneaton and Bedworth Borough Council in 2017. This was the direct period before leaving to take up my current role. This involved me setting their 2017/18 budget, signing off the 2016/17 Statement of Accounts and preparing savings plans and working with Chief Officers, senior managers and elected Members to plan for the 18/19 budget cycle, whereby significant cost reductions and efficiencies had to be identified, developed and implemented, based on anticipated reduced central funding. I found this period rewarding, and enjoyed the responsibility and challenge that the role provided, and was thanked publicly by Members and Chief Officers for the work that I had undertaken and the oversight provided in fulfilling the role, during that period.

In my current role I deputise for the Treasurer who works part-time, and whose main focus over recent months has been supporting West Mercia during the Alliance exit negotiations, whilst I have worked more closely with Warwickshire. This 'division of duties' has meant that I have had to step up into the role of Treasurer on an unofficial basis more readily in my daily role. This has included updating the Commissioner and Chief Executive on budget and precept issues, final accounts and auditor concerns, alliance exit matters and active involvement in business case, budget planning and decision notice preparation, being some of the most recent examples of my work at a more strategic level.

However, I also feel that I have been the main 'go-to' finance contact for Warwickshire staff, partly due to my visible presence within the Office and the working relationships that I have built up with other OPCC staff. I have worked with others to deal with general finance and budgetary issues in relation to grants and other office costs and provide strategic and financial advice on a daily basis. This has included addressing issues due to significant changes to the estates and IT capital programmes including the monitoring of the financing arrangements, being heavily involved in establishing an effective reserves strategy to manage risk during the Alliance exit process and working with PPL and the force to establish an effective process for dealing with S106 monies in Warwickshire as well as routine finance issues like raising grant payments to partners, recovering underspending grants where appropriate and providing training and support to OPCC staff on financial systems and processes. One of the main projects I was involved in last year within the OPCC was taking a full and active role in the commissioning work that was undertaken by the Office for victims services, meeting providers and other stakeholders to have oversight of the issues and to have a greater understanding of the process in a wider context than just the finance element. I have also provided support at PCP meetings and more actively at budget working group meetings to give balanced financial advice and information to support their work, enabling me to build up working relationships with some members of the Panel and apply some of the skills and abilities acquired over a number of years at Cabinet and Scrutiny panels whilst working within Local Government.

I consider that the main additional responsibilities of the Treasurer role, from my current position are detailed below, and I have also tried to document the relevant skills, abilities and experience I possess to fulfil these requirements of the role:

- Undertaking the statutory responsibilities of the role, including ensuring proper financial administration and regulations are observed, ensuring the delivery of VFM in the use of public funds, appropriate reporting of any unlawful financial activity and ensuring that proper funding is in place to meet agreed spending plans.
 - I have been involved in reviewing financial procedure rules and the corporate governance framework in my current role as part of the annual review presented to the Audit Committee and this also encompasses some value for money (VFM) work in terms of ensuring that the governance arrangements are in place and adhered to, to enable the delivery of VFM, particularly on the basis of compliance with contract and financial procedure rules.
 - VFM work also extends to having robust business planning and business case processes in place to manage risk and ensure that all options are being considered and VFM achieved. I have been involved in reviewing business cases within Warwickshire in relation to the alliance exit, especially concerning the work the Evolve team have undertaken on budgeting and the rebuild of Warwickshire services and

specifically more recently on their cost liability work. In the case of West Mercia I was involved in reviewing the fire business case as presented by the consultant.

- Whilst I have never had to report on any inappropriate or unlawful financial activity, I see this as a positive in terms of the organisations, financial accountability, controls and integrity in place at the organisations I have been involved with and the individuals with whom I work. Whilst I am sure that such a situation would not arise, I feel that the professional relationships I have built, along with my communication skills and the availability of professional guidance from CIPFA, would mean I could access advice readily and would therefore be suitably-equipped to deal with such a situation should it arise.
- Since qualifying as a CIPFA member in 1996/97 most of my professional career has focussed on preparing budgets, assessing income and financing levels and monitoring and controlling expenditure. I am comfortable with my skills and abilities in this area to assess funding and ensuring that controls' keep spending within plan, even though there are significant challenges ahead as the Alliance ends.
- Taking the lead role on the development of the PCC's budget and setting of the precept including the production of the medium term financial plan and preparing a statement on the adequacy of reserves.
 - I have built up significant skills and working relationships across my career in preparing budget reports and papers, to consider precept options and develop savings plans. As Acting S151 at NBBC I was responsible for signing off the 17/18 budget, including a statement on the reserves and working towards delivering a balanced budget in 18/19. I have played an instrumental role in preparing the budgets for Warwickshire and West Mercia in my current role, writing some parts independently and updating the budget reports to reflect each PCC's wishes.
- Influencing and informing strategic decision making by the PCC, especially on matters relating to finance.
 - I feel that I have had open and frank discussions with the PCC and Chief Executive in both Offices to inform decision making and to manage risk. My work has also included the preparation of information to provide evidence and support decision making. Some of my specific work has been in relation to various projects and business cases, including the OPU move, precept options and budget monitoring

papers. I feel that this statutory responsibility will be an extension of the work I have undertaken to date.

- Preparing and leading the setting of strategy for treasury management, capital and reserves to comply with regulations and best practise.
 - I have reviewed treasury management reports presented to the Joint Audit and Standards Committee and worked with colleagues in the force finance team, whom I have built strong professional relationships with.
 - I have helped prepare capital and reserves strategies, and networked with other colleagues across PACCTS and Warwickshire Districts to understand more about best practise in preparing such documents. I also regularly complete reserve returns for PACCTS and CIPFA which feed and inform the strategy documents.
 - I also work very closely with force finance colleagues to re-work capital programmes and financing based on emerging information and changing circumstances, so I feel confident in continuing this work and developing such strategies in the future.
- Ensuring compliance with all statutory obligations in terms of financial reporting including the Statement of Accounts and liaising with the external auditors as necessary.
 - Throughout my career I have played fundamental roles in terms of the preparation of the year end accounts, and within increasingly shortened timescales. I have worked closely with force finance colleagues and other colleagues within the OPCC to ensure that the statements are published in accordance with statutory guidelines. I have also worked extensively with external audit in my previous roles, and also throughout my work with the PCC's on the Joint Audit and Standards Committee.

I feel that my experience and knowledge, along with my desire to work effectively and setting myself high personal standards, mean that I can fulfil the four main themes that I consider essential in fulfilling a Treasurer role, notably, providing effective management and leadership qualities; providing sound financial management and administration skills to ensure that robust and well-understood financial controls and governance arrangements are in place, including risk management; providing support and advice to the PCC in respect of all strategic financial matters and providing an effective and responsive financial service to the OPCC.

The next few months and years will undoubtedly be busy and challenging as Warwickshire exits from the Alliance, but this is a challenge that I hope I can play a

role in and ensure that services to the communities within Warwickshire continue to improve.
