There were no matters arising.

2. Review of the Minutes of the Local Pension Board Meeting of 20 July 2021

The minutes of the Local Pension Board meeting of 20 July 2021 were noted.

3. Forward Plan

Neil Buxton (Technical Specialist - Pension Fund Policy and Governance) introduced the report which provided an updated Forward Plan for the Pension Fund Investment Sub-Committee rolled forward to cover the year ahead. He drew members' attention to the upcoming Knowledge Assessment Review which would help to identify areas of focus for future training. He encouraged members to review this material over the Christmas break.

Resolved:

That the Pension Fund Investment Sub-Committee notes the Forward Plan.

4. Risk Monitoring

Chris Norton (Strategy and Commissioning Manager – Treasury, Pension, Audit & Risk) presented this report which provided an update on risks to the Fund and actions taken to manage them.

Chris Norton advised that the format for presentation of the summary of risks had been updated. He drew members' attention to areas where risk scores had been amended since the previous report, stating that long-term investment risk likelihood was higher due to uncertainties around inflation. Investment-related risk associated with COVID-19 had also increased; however, at the time of writing the report, the effect of the Omicron variant was not yet apparent.

In response to Councillor Kettle, Chris Norton advised that the increased risk score for COVID-19 was unlikely to significantly alter the overall risk profile. However, it could introduce some short-term volatility to markets.

Andrew Felton (Assistant Director, Finance) stated that increased levels of staff sickness presented a risk; however, a high proportion of staff had been vaccinated. The level of risk posed by Omicron would be monitored.

In response to Councillor Gifford, Chris Norton advised that cyber security policies had been reviewed with input from ICT colleagues. He reported that testing of systems had not uncovered any previously undetected risks; third party risks assessments were underway to ensure that robust systems were in place.

Councillor Kettle queried whether, in recognition of the Council's declaration of a climate emergency and the importance of the issue, the risk status of climate change should be upgraded from 'probable' to 'very likely'.

The Chair acknowledged the urgency of the climate emergency; however, he emphasised that the Risk Summary was focused on the outlook for investments. For example, investment in technologies that were marketable as an outcome of climate change could stand to benefit the Fund.

Councillor Gifford stated that climate change presented opportunities as well as risks to the Fund. However, he commented that it was important to emphasise that the Authority recognised the validity and seriousness of climate change.

Resolved:

That the Pension Fund Investment Sub-Committee notes the report.

5. Reports Containing Exempt or Confidential Information

Resolved:

That members of the public be excluded from the meeting for the items mentioned below on the grounds that their presence would involve the disclosure of exempt information as defined in paragraph 3 of Schedule 12A of Part 1 of the Local Government Act 1972.
