

1. Adult Social Care OSC Quarterly Performance Report Year End

1.1 Detailed measure-by-measure performance reporting is accessible through the [Performance Portal](#).

1.2 The three strategic priorities set out in the Council Plan 2022 - 2027 are delivered through seven Areas of Focus. In addition to these, there are three further areas to support the Council to be known as 'a Great Council and Partner'. These are detailed in the table below alongside the number of KBMs that will be used to assess delivery, and the number being reported at Year End.

Area of Focus	No. of KBMs	No. of KBMs available for reporting at Year End
Create vibrant places with safe and inclusive communities	8	8
Deliver major infrastructure, digital connectivity and major transport options	7	5
Promote inclusive, sustainable economic growth, successful business, good quality jobs and future skills	9	8
Tackle climate change, promote biodiversity and deliver on our commitment to Net Zero	7	5
Deliver our Child Friendly Warwickshire strategy - Happy, healthy, safe children	10	10
Through education, improve life opportunities for children, young people and those with special educational needs and disabilities	16	15
Support people to live healthy, happy, and independent lives and work with partners to reduce health inequalities	12	11
A Great Council and Partner	No. of KBMs	No. of KBMs available for reporting at Year End
Harnessing community power	3	3
Our people and the way we work	8	7
Using our data and digital solutions to improve service delivery	4	4

1.3 Key Insights for Year End 2022/23

There are 10 KBMs in total that are in the remit of this Committee. Chart 1 details the reported status of the 10 KBMs which are being reported at Year End.

Chart 1

Chart 2 details the overall Direction of Travel for the KBMs being reported at Year End. There are 9 KBMs where there is sufficient data at this time to determine a Direction of Travel.

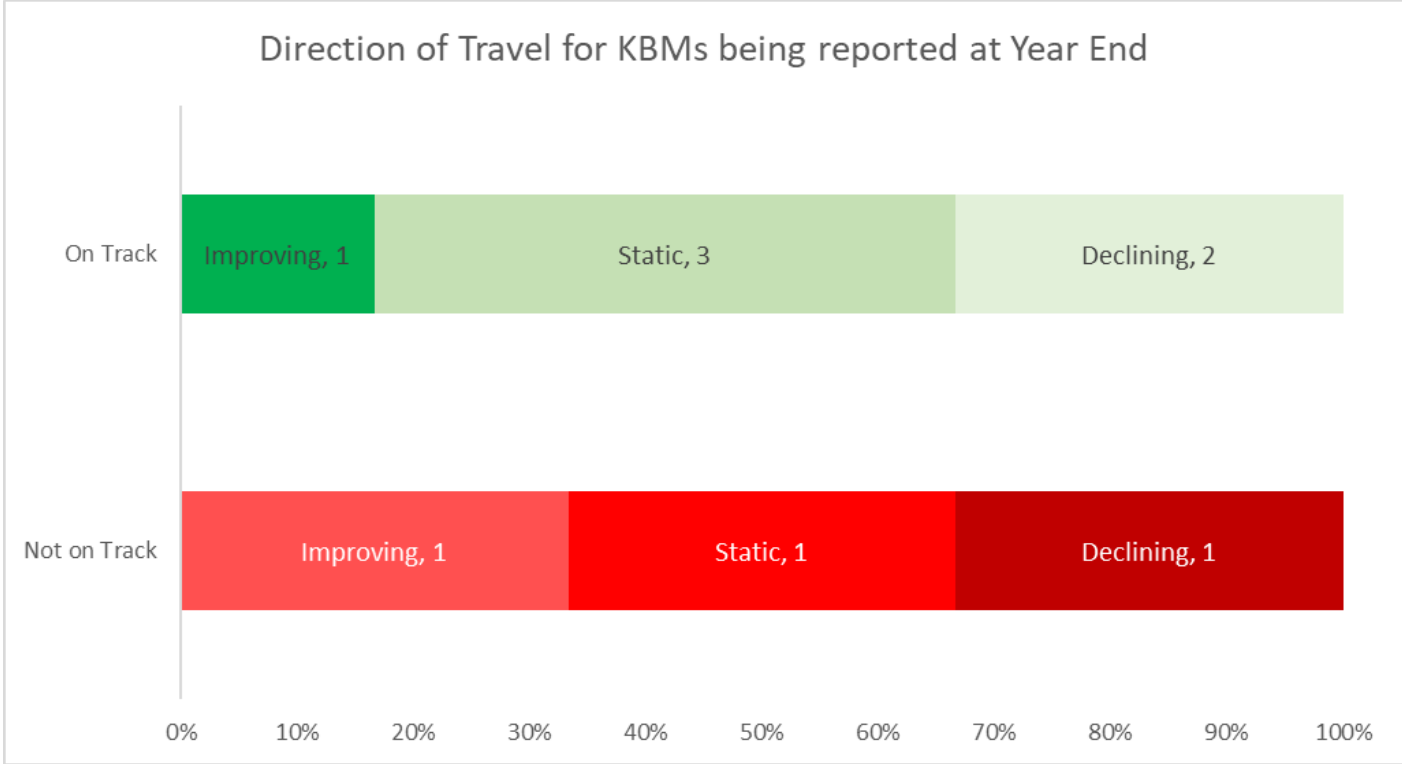

Chart 2

Chart 3 details the projected performance based on the Service forecast of the 10 reportable KBMs at the next quarter.

Explanatory Notes on Summary Tables

The following sections provide an overview of current performance by Area of Focus. The measure summary tables are a representation of the tables in the full Committee report on Power BI and are interactive. Please note:

- data is being added into the system as it becomes available so new information may be in the reports since the writing of this Quarterly position report;
- measure names in the summary tables and where highlighted are all links to take the reader directly to the measure report page in Power BI which provides full detail on the measure including charted data, performance narrative, improvement activity, trends and targets if applicable;
- a measure status is included based on performance either against the target and polarity of measure or where there is no target on improving/ declining performance;
- Services provide a forecast of where performance is heading over the next reporting period, this is informed by local knowledge, improvement activity and trend information;
- where the measure status or projection is Not Applicable, this is due to exceptional circumstances regarding the measure such as it is setting a baseline this year, the Power BI report will provide the reason by measure;
- the Latest Figure column represents the most current data available including last quarter, previous year or longer if data is lagged, full details are on Power BI report;
- Direction of Travel is an indication of whether performance is improving based on trend data where available;
- not all measures have targets and the approach now is to have improving performance and targets where appropriate, where there is no target the table is populated with N/A; and,
- as the framework is more responsive there are annual or termly measures included on the tables with no reported data, this will be added as the relevant data becomes available e.g. attainment data from November.

1.4 All measures in the remit of this Committee support the Area of Focus: **Support people to live healthy, happy, and independent lives and work with partners to reduce health inequalities**

Measure Name	Year End Actual	Year End Target	Measure Status	Direction of Travel	Service Forecast for next period
% of people open to Adult Social Care with eligible needs living in the community with support under the age of 65	82	82	On Track	Static	On Track Performance Remaining Static
% of people open to Adult Social Care with eligible needs living in the community with support over the age of 65	59	60	Not on Track	Declining	Not on Track Performance Improving
No. of people supported to live independently through the provision of social care equipment	1,638	1,500	On Track	Static	On Track Performance Remaining Static
No. of carers in receipt of support on the final day of the reporting period	71	128	Not on Track	Improving	Not on Track Performance Improving

% Smoking prevalence in adults	13.9	n/a	On Track	N/A insufficient trend data	On Track Performance Improving

At Year End performance within this Area of Focus is within expected levels and most measures (7 out of 10) are On Track and forecast to remain On Track at the next reporting period. For the three measures that are Not on Track at Year End, improvements in performance are forecast for the next reporting period, despite mixed previous performance trends as indicated by the Direction of Travel. Performance

has materialised as forecast by Services at Quarter 3 for most measures, except for the % of successful completions as a proportion of all in treatment and % of people open to Adult Social Care with eligible needs living in the community with support over the age of 65, which were forecast to be On Track but are Not on Track this Quarter.

Area of good progress due to consistent figures, meaning people can live in community settings and avoid going into residential care:

- % of people open to Adult Social Care with eligible needs living in the community with support under the age of 65

Improvement activity due to a reduction in figures, which is attributed to additional support being provided by the Carer's Trust:

- No. of carers in receipt of support on the final day of the reporting period

1b Warwickshire Outcome Measures

For 2022/23, an additional layer of ‘outcome’ measures was added to the Performance Framework. These sit above the KBMs and are indicators that WCC is interested in and can influence, but cannot fully control. They are also influenced by other drivers, such as partner activity and national drivers. Examples include the unemployment rate or crime rate. The table below presents the latest reported figures for the 2022/23 suite of Warwickshire Outcome Measures. It is important to note that these indicators are typically published by central government departments and can often have a lag period of a year or more. The table identifies when each measure was last published and, where possible, provides regional and national benchmarks for comparative purposes, the [State of Warwickshire Dashboard](#) contains information in graphical form.

1c Performance Management Framework 2023/24

As an agile approach is being taken to the new Performance Management Framework changes for the 2023/24 reporting period are being requested and are outlined in this Sway presentation [Performance Management Framework 2023/24](#). The review of the Service Business Plans and the IDP have identified the changes being requested to ensure that the PMF supports delivery of the agreed Priorities.
