

## Consultation Responses

### Brownsover Community School Proposal

1. To change the age range at Brownsover Community School from 3 - 7 to 4 - 7 from September 2023. The published admission number (PAN) for the main school will not be affected by these proposals. The PAN for the maintained nursery class will cease to exist, as nursery provision will be offered in a more flexible way, according to parental demand.
2. As a consequence of previous approval being given for Brownsover Community School to transition from a two form entry infant school to a one form entry primary school in 2026, should this proposal be agreed then the age range would subsequently change from 4-7 to 4-11 from September of that year.
3. To run all nursery provision for 2,3 and eligible 4 year olds via Community Facility Powers, at the existing Pre-School, under the direction of the School Governors from September 2023

Strongly Agree	The School will be able to take 2 year olds	The School will be able to take 2 year olds	The proposal will allow greater flexibility to respond to demand and provide more options for longer sessions
Strongly Agree			
Strongly Agree		It will be good to have a fully functioning nursery locally for 2-4 year olds with the ne 30 hours funding	The proposal will allow greater flexibility to respond to demand and provide more options for longer sessions
Agree	Children will benefit	It will help the school with more funding	The proposal will allow the school to deliver the service in a more cost efficient way
Disagree	Specific Impacts	Comments	WCC response
Strongly Disagree	Too short notice to find another nursery. Siblings at the school and daughter has been offered and accepted a nursery place	Timing of the proposal unfair. No time to find an alternative	Although the proposal is to close the nursery, provision will be provided in a newly formed pre-school at the school. There will be no reduction in available places. The proposal will offer a more flexible service which will benefit parents
