

1 Quarterly Performance Report Year End

- 1.1 Detailed measure-by-measure performance reporting is accessible through the [Performance Portal](#).
- 1.2 The three strategic priorities set out in the Council Plan 2022 - 2027 are delivered through seven Areas of Focus. In addition to these, there are three further areas to support the Council to be known for as ‘a Great Council and Partner’. These are detailed in the table below alongside the number of KBMs that will be used to assess delivery, and the number being reported at this Quarter.

Area of Focus	No. of KBMs	No. of KBMs available for reporting at Year End
Create vibrant places with safe and inclusive communities	8	8
Deliver major infrastructure, digital connectivity and major transport options	17	17
Promote inclusive, sustainable economic growth, successful business, good quality jobs and future skills	9	9
Tackle climate change, promote biodiversity and deliver on our commitment to Net Zero	7	7
Deliver our Child Friendly Warwickshire strategy - Happy, healthy, safe children	7	7
Through education, improve life opportunities for children, young people and those with special educational needs and disabilities	21	21
Support people to live healthy, happy, and independent lives and work with partners to reduce health inequalities	21	21
A Great Council and Partner	No. of KBMs	No. of KBMs available for reporting at Year End
Harnessing community power	3	3
Our people and the way we work	8	8

Explanatory Notes on Summary Tables

The following sections provide an overview of current performance by Area of Focus. The measure summary tables are a representation of the tables in the full Cabinet report on Power BI and are interactive. Please note:

- data is being added into the system as it becomes available so new information may be in the reports since the writing of this Quarterly position report;
- measure names in the summary tables and where highlighted are all links to take the reader directly to the measure report page in Power BI which provides full detail on the measure including charted data, performance narrative, improvement activity, trends, and targets if applicable;
- a measure status is included based on performance either against the target and polarity of measure or where there is no target on improving/ declining performance which can be assessed against many factors such as compared to previous year, trend over time, sector comparison data;
- Services provide a forecast of where performance is heading over the next reporting period, this is informed by local knowledge, improvement activity and trend information;
- where the measure status or projection is Not Applicable, this is due to exceptional circumstances regarding the measure such as it is setting a baseline this year, the Power BI report will provide the reason by measure;
- the Latest Figure column represents the most current data available including last quarter, previous year or longer if data is lagged, full details are on Power BI report;
- Direction of Travel is an indication of whether performance is improving based on trend data where available;
- not all measures have targets and the approach now is to have improving performance and targets where appropriate, where there is no target the table is populated with N/A; and,
- as the framework is agile there are annual or termly measures included on the tables with no reported data, this will be added as the relevant data becomes available e.g. attainment data from November.

*Cumulative actual or year end target

Overall performance in this Area of Focus has moderately declined from Quarter 3 with 5 Not on Track at Year End. Warwickshire Fire and Rescue Service has completed a “resourcing to risk” public consultation which closed on 10 March 2024. The results of this will be published in Quarter 1 2024/25.

Improvement activity as numbers are higher compared to the same period last year:

- No. of fire related injuries
- No. of Road Traffic Collisions attended by WFRS

Improvement Activity as there have been 3 fire related deaths this year:

- No. of fire related deaths

Improvement Activity as the target has not been met:

- % times a first appliance arrives at life risk or property incidents within agreed response standards

* Cumulative actual or year end target

Performance within this Area of Focus is largely on track with 11 available measures reporting as On Track, with the projection for most measures likely to either remain in a similar position or improve further over the next period.

Area of good progress as engagement levels have been maintained:

- % of schools signed up to our Safe and Active Programme

Improvement activity as a recently introduced project to better plan journeys is expected to start reducing costs:

- Cost per SEND student journey (£)
- Cost per mainstream student journey (£)

* Cumulative actual or year end target

All measures within this Area of Focus are On Track at Year End.

Area of Good Progress as the Year End numbers are encouraging for this new area of work and the success of the Skills Hub:

- No. of people with SEND supported by the Warwickshire Supported Employment Service

Area of Good Progress as work undertaken in Quarter 4 will lead to a much improved result in Quarter 1 2024/25:

- No. of new jobs created as a result of Warwickshire Recovery & Investment Fund investment

Area of Good Progress following a strong yearly performance:

- No. of apprenticeships created through WCC support

*Cumulative actual or year end target **Estimate

At the year end position for this Area of Focus, performance is largely positive, with 5 out of 7 measures reported as On Track. The two measures reporting as Not on Track projected to either improve or remain static at next reporting period.

Area of Good Progress as the Year End target has been exceeded:

- % of household waste re-used, recycled and composted
- No. of tonnes of carbon emitted by the Council as a waste disposal authority

Area of Good progress as performance is On Track for carbon reduction from 2019 baseline (5,509,149 Tonnes CO₂), with actual CO₂ tonnage for 23/24 being 2,202,990 tonnes:

- Total annual reduction in carbon emissions from Council related activities (tCo₂)

Improvement activity due to performance continuing to be above target, continues to decline and is projected to remain static over the next reporting period:

- No. of documents being printed by the organisation

% of care leavers (Relevant and Former Relevant 16-21) engaged in education, employment and training	45	70	Not on Track	Static	Not on Track Performance Remaining Static

At Year End, 5 out of 7 reported measures are Not on Track, compared to 6 out of 7 at Quarter 3. Performance within this Area of Focus has been a challenge throughout the performance reporting year. Below target performance can be attributed to an increase in demand from people requesting and accessing services within the period due to the cost-of-living crisis, alongside rising numbers of teenagers with emotional and mental health needs. It is worth noting that despite not reaching the challenging target the Service has set, that at approximately 30 per 10,000 the Warwickshire rate of children subject to a Child Protection Plan is better than the England and statistical neighbour averages.

Of the measures being reported this Quarter, the majority have remained On Track, showing overall consistent and positive performance within this Area of Focus. The 2 financial measures have both remained Not on Track, with both forecast to decline further over the next reporting period.

Area of Good Progress due to an increase within the metric this Quarter, and further improvement forecast:

- % of children and young people with an Education, Health and Care (EHC) plan attending a mainstream school

Area of Good Progress due to good performance compared to the national cohort:

- % of Key Stage 2 children looked after achieving the expected standard for combined reading, writing and maths

Improvement activity this Quarter due to an increasing number of schools projecting a deficit (with 24 out of 117 schools now forecasting deficit balances for 2023/24):

- % of maintained schools with a deficit budget

At Year End there is mixed performance within this Area of Focus, with an even split between measures that are On Track and Not on Track.

Area of good progress due to consistent improvements leading to strong performance:

- No. of carer assessments and reviews completed
- % of people with long term support who have had an assessment or review in the last 12 months

Area of good progress due to steady, under-target performance despite an increase in referral numbers:

- No. of people awaiting a domiciliary care package to be commissioned at the end of the month

Improvement activity due to continued strong demand for social care for those over 65:

- No. of people currently supported in residential or nursing care: over 65
- % of people open to Adult Social Care with eligible needs living in the community with support over the age of 65

Improvement activity due to the figure of 13.9% for Warwickshire being above national (12.7%) and West Midlands (13.4%) figures:

- % Smoking prevalence in adults

Performance within this Area of Focus is within expected levels and projection for the next period is either to remain at similar levels or improve. Performance has been consistently positive all year.

Area of good progress due to positive performance in relation to funding allocation:

- Value (£) going into community groups

Area of good progress due to consistently positive performance:

- % of positive media coverage of WCC news releases, statements and campaigns

* Cumulative actual or year end target

Performance within this Area of Focus is largely positive with 6 out of 8 measures being On Track, which is consistent with Quarter 3. Where measures are Not on Track, the projection for the next period is remain static.

The Your Say Survey measures have been escalated as an area of good progress as due to positive performance compared to target and improvements since last year's outturn, despite demand, workload and capacity issues experienced across the Organisation:

- % Employee Engagement Score

- % of staff agreeing that they are proud to work for WCC
- % of staff agreeing "The council's internal communication keep me informed of what the council is doing"

Improvement activity as current levels remain above the tolerance of +/- 1 day against the target of 8 days per FTE, however, the increasing trend appears to be in line with the national picture across both public and private sectors. Several service areas across the organisation are having a detrimental impact on the overall absence figure and resources and actions are being targeted to provide support to them:

- No. of days sick absence per FTE (rolling 12 months)

Improvement activity due to the outturn being above target, however the percentage of those upheld has reduced from the previous year:

- No. of Local Government and Social Care Ombudsman (LGSCO) adverse determinations received

% return on traded activity	104	100	On Track	Static	On Track Performance Remaining Static

Performance within this Area of Focus has declined since the Quarter 3 position, with 3 out of 4 measures being Not on Track, compared to 3 out of 4 being On Track last quarter.

Improvement activity due to the score has dropped marginally compared to target, and a decrease compared to the same period last year. Analysis of the feedback scores indicates increasing dissatisfaction with call waiting times, where the performance is directly linked to resourcing and higher than WCC average sickness absence levels:

- % customer satisfaction level with Customer Service Centre

1b Warwickshire Outcome Measures

For 2022/23, an additional layer of ‘outcome’ measures was added to the Performance Framework. These sit above the KBMs and are indicators that WCC is interested in and can influence but cannot fully control. They are also influenced by other drivers, such as partner activity and national drivers. Examples include the unemployment rate or crime rate.

The table below presents the latest reported figures for the 2023/24 suite of Warwickshire Outcome Measures. It is important to note that these indicators are typically published by central government departments and can often have a lag period of a year or more. The table identifies when each measure was last published and, where possible, provides regional and national benchmarks for comparative purposes, the [State of Warwickshire Dashboard](#) contains information in graphical form and presents trends.
