### **Support from Personal Advisers (PA)**

When you entered care, you will have had a social worker allocated to you. When you turn 18, you will be allocated a PA who will become your new allocated worker. You will receive support and meet regularly with your PA, dependent on your needs.

The role of a PA is to offer you guidance and support on independent living skills, education and employment, finance, housing, relationships and health and wellbeing. You can ask your PA for support or further information on any of the things stated in this booklet.

You will have an allocated PA up to the age of 21. You can speak to your PA about support up to the age of 25. If you do not have a PA after 21 you can access the Duty Team at any time for support.

Your PA or social worker is responsible for making sure your pathway plan is written with you and is kept up to date and on track. This will help you set your future goals and how we'll work together to achieve these.

Your personal adviser will support you in getting your birth certificate, national insurance number, provisional driving license and passport, if you do not already have these.

Your personal adviser will help you open a bank account if you do not already have one.

Your personal adviser will discuss and plan with you how to manage your junior ISA and savings account.

Your personal adviser will support you to access your files should you wish to see them or try and answer any questions you may have if you don't want to access them.

Your personal adviser will support you to get involved with activities to build self-esteem and confidence.

There are many more roles a personal adviser helps to assist with including guidance, support and giving you relevant information, as stated in the rest of the booklet. They are happy to help and support you where they can.

If you are in a crisis out of working hours, remember you can contact the emergency duty team and let them know you are a care leaver.

You may also be supported at different times by the Virtual School, youth workers, college staff, careers advisors, foster carers, housing key workers, and the Voice, Influence and Change Team.
